## MAN DIES IN FIRE AS TEMPERATURES DROP

Humphrey Cautions Against 'Hair-Curling' Depression

### House Seeks To Whittle Down President's Budget

WASHINGTON (AP) — The House Appropriations Committee set out today to try to whittle down President Eisenhower's request to spend \$71,807,000,000 during the next fiscal year.

One day after receiving Eisenhower's budget message, subcommittees arranged to begin scanning behind closed doors the fiscal needs of the Interior, Post Office and Treasury departments.

Members hope to chop substantial sums from the \$73,300,000,000 in requests for new appropriations, some of which would carry over to later years.

Some Democrats and some Republicans complained about the size of the budget for the year starting next July 1, referring to it as inflationary.

And Secretary of the Treasury Humphrey cautioned that "we will have a depression that will make your hair curl" unless the government cuts down on its spending. He added that he probably would quit his job if, in the event of a depression, the Eisenhower administration tries to fight it with methods involving deficit spending.

He said he wasn't criticizing the administration for the size of the budget. But he said the rising trend of federal budgets "should promptly be stopped."

The size of the budget, a record for a peace year and the fifth highest in the nation's history, spurred congressional demands for sharp cuts in appropriations, on which spending is based.

The President forecast a year-end surplus of \$1,800,000,000 which he said would be applied toward reduction of the 272-billion-dollar national debt, now costing more than seven billions annually in interest charges.

**Cut Possible In 1958**  
Some members are known to feel that if Congress could cut the planned spending total several billion more, there might be enough of a surplus to provide tax relief in 1958, a congressional election year.

No sooner had Eisenhower's budget message been read than a partisan argument broke out on the House floor.

### Seek To Force Israel To Get Out Of Egypt

Asian, African Nations Urge U. N. To Allow 5 Days For Action

UNITED NATIONS, N.Y. (AP) — Asian and African delegations proposed today that the U.N. General Assembly in effect give Israel five days to get all its forces out of Egypt and the Gaza Strip.

The resolutions would have the Assembly note "with regret and concern" Israel's failure to withdraw her troops behind the 1949 Egypt-Israel armistice lines as demanded by five previous resolutions.

It also would have the Assembly request Secret General Dag Hammarskjöld "to continue his efforts for securing the complete withdrawal of Israel" and "to report on such completion to the Assembly within five days."

The Asian-African group shelved a stronger resolution that would have called on U.N. members to withhold military, economic or financial aid from Israel unless she got out of the occupied territory within five days.

An informant said the group agreed that if Israel did not get out of Egypt within five days, the stronger resolution would be introduced in the Assembly.

Israeli Ambassador Abba Eban has told Hammarskjöld that by next Tuesday Israeli forces will be out of all Egypt's Sinai Desert except the Sharm el Sheikh area, "which at present insures freedom of navigation."

Sharm el Sheikh commands the approach to the Red Sea Gulf of Aqaba, at the head of which is Eilat, Israel's only port in that area. Egyptian guns at Sharm el Sheikh long kept ships from entering Eilat.

Hammarskjöld reported to the Assembly that Israel was "silent about withdrawal from the Gaza Strip." Later he said Eban told him Israel was prepared to discuss "proposals for arrangements for the Gaza Strip."

### 26 Attend Meeting Of Credit Union

LISBON — Twenty-six members attended the meeting of the county School Credit Union at Elkton School Wednesday evening.

Lester Hickman, Beaver Local Principal, was reelected and Joe Driscoll, Fairfield principal, was elected to the board of directors.

Miss Fanny Dickey, New Waterford, and Mrs. Esther Yohst, of Salineville, were elected to the credit committee.

A. W. Shields, Salineville, was reelected to the auditors committee for coming year.

The board of directors will meet soon to elect officers for 1957.

Supt. James L. McBride showed slides of his trip to the convention in Portland, Ore. last summer, when he was delegate to the National Education Association Convention.

Karen Boyd, a pupil at Highlandtown School, presented a pantomime.

### Louis Probst Quits Murray Corp. After 27 Years Here

Louis Probst of 725 S. Lincoln Ave. has resigned as vice president of the Murray Corporation of America and general manager of the firm's Eljer Division.

Mr. Probst, who has been identified with Murray and its predecessor companies here for 27 years, said "the reasons for my resignation are entirely personal. I do not have any other business plans for the immediate future and plan to take it easy for awhile."

He came to Salem Jan. 1, 1930, from Louisville, Ky., to become manager of the National Sanitary Co. when the porcelain ware plant was acquired by Eljer. He became an officer in the Eljer Company in 1933 and when Murray Corporation purchased Eljer in 1953 Mr. Probst became a vice president of that organization and was named general manager of Murray's entire Eljer Division. Murray's main offices are now located in Pittsburgh. The Salem plant is presently being expanded at a cost of \$2,500,000.

Mr. and Mrs. Probst have two daughters, Marian, now a senior at Northwestern University, and Nancy, who is now married and is residing in Sewickley, Pa.

WHERE MAN DIED IN FIRE. — Shivering firemen are shown pouring water on the blazing home of Harry P. Herron, 59, of RD 5, Salem, who perished when flames gutted the interior of his residence on the Greenford-Lisbon Rd. early this morning. Washingtonville and Leetonia fire departments responded to the alarm.

### Congressmen Rip Visit By Tito

#### May Invite Him After Congress Adjourns

WASHINGTON (AP) — A congressional observer said today the government may invite Yugoslav President Tito to visit the United States — but not until after Congress adjourns.

The source, asking not to be quoted by name, said he thinks officials will try in this way to avoid giving undue offense either to the Yugoslav government or to protesting members of Congress.

There have been reports, unconfirmed officially, that Tito has already been invited to come to this country, possibly in April.

In a House speech Wednesday, Rep. Keating (R-NY) said that no matter how Tito's "apologists in official circles may feel" the Yugoslav President is not welcomed by the people or Congress of the United States.

Another Republican, Rep. O'Konski of Wisconsin, told the House he would resign from Congress if Tito came to this country as an official guest.

Other congressmen who have recently voiced objections to Tito as a guest of the United States include Rep. McCormack of Massachusetts, House Democratic leader, and Representatives Madden (D-Ind), Rabaut (D-Mich) and Hoffman (R-Mich).

Opposition stems largely from groups which have protested the Communist regime's treatment of Roman Catholic and other clergymen in that country.

A Tito visit has been defended, among other grounds, with the argument that other Eastern European Communist governments might be encouraged to break away from the Kremlin.

### Sen. Knowland's Friends Doubt He Will Seek U. S. Presidency

WASHINGTON (AP) — Some colleagues of Sen. Knowland (R-Cal) said today they see less than a 50-50 chance that he will seek the 1960 Republican presidential nomination.

They reached that conclusion after reassessing his announcement last week that he will leave the Senate when his present term expires in January 1959.

His surprise announcement was interpreted widely at first as indicating he plans to run for the Republican nomination for governor in California next year. That move

was considered a possible stepping stone toward a bid for the presidency.

Knowland declined to confirm or deny the speculation.

Gov. Goodwin J. Knight of California hopes to learn on a visit — to Washington in the next few days whether there is any such possibility. Knight, planning to attend President Eisenhower's inaugural, expects to confer with Knowland.

Knowland, a Republican, has given every indication he wants to run for re-election next year.

If Knowland should choose to seek the governorship, signs now point toward a primary battle with Knight. The winner, if elected governor, then might pit himself against another Californian, Vice President Nixon, in the battle for the party's 1960 presidential nomination.

While he hasn't closed the door to this possibility, Knowland has gone a long way toward convincing some of his associates that personal considerations were more influential than political reasons for his decision to retire from the Senate.

Knowland is said to have commented that his family has in the Oakland Tribune a property worth several million dollars which he believes needs his personal attention.

He said at the time of his announcement he had always regarded himself as a newspaperman and wanted to get back in that business. He noted that his publisher father is 83 years old.

### Harry Herron Is Victim As Home Burns

Temperatures Fall To 16 Below Here, 14 At Millport

Fire, possibly caused by an over-heated coal stove, caused the death of a Salem rural resident as temperatures plummeted again to blow-zero readings again last night.

Burned to death in a fire at his home on the Greenford-Lisbon Rd. was Harry P. Herron, 59, of RD 5, Salem. The victim's body was found lying just inside the door at his home where he apparently collapsed as he tried to make his exit from the burning house.

A coal miner, he lived alone at the home which is about a mile south of Route 14.

Low mercury readings ranged downward to 16 below zero in the district last night and early this morning. The 16 below reading was recorded by the gauges at the disposal plant northwest of Salem. Wilona and Millport recorded 14 below, Greenford and Damascus had 12 below, Leetonia 10 below, and Columbiana 9 below zero.

**Mercury Sinks Rapidly**

The mercury started its deep freeze plunge early last evening, sinking from 8 above at supper time to an even zero by 8:30.

Edwin Copeland of Millport, the U.S. cooperative weather observer for Columbiana County, said the 14 below reading came between 5 and 6 a.m. this morning at the time when the fire was discovered at the Herron home.

Copeland said the nearest comparable low reading at Millport was Dec. 17, 1951, when the mercury touched 17 below. It was minus five at the county weather station Tuesday when a low of 14 was registered at Wilona.

Leetonia and Washingtonville firemen responded to a neighbor's alarm when fire and smoke were discovered at the home of Harry Herron at 6 a.m. The victim's charred body was found just inside the door and was removed to the Woods funeral home in Leetonia.

**Fire Under Control**

Firemen were still at the scene at noon today. Although the interior of the stucco house was charred, firemen had brought the blaze under control despite the handicap of fighting the flames in the sub-zero weather.

The exact cause of the fire was not known.

Born in Leetonia May 20, 1897, Herron was the son of William and Katharine Ryan Herron.

He was a member of St. Paul Catholic Church.

His wife, the former Helena M. Blaine, preceded him in death in 1944.

He is survived by three daughters, Mrs. Katherine W. Makras and Mrs. Bonita M. Seibert, both of Salem, Mrs. Barbara R. Kornegoy of Columbus, Miss.; a son, Clement C. Herron of RD 1, Leetonia; two brothers, William of Chicago and Phillip of Alliance; and 15 grandchildren.

Services will be Saturday at 9 a.m. at St. Patrick's Church in Leetonia with Rev. Fr. W. W. Maund officiating. Burial will be in Grandview Cemetery here.

Friends may call at the Woods Funeral Home in Leetonia Friday evening.

Ohio was the ice box of the nation today.

### Russia Fears Ike's Program

Diplomats Say Reds Hunt Counterattack

MOSCOW (AP)—Foreign diplomats in Moscow say the Kremlin genuinely fears President Eisenhower's Middle East program and is trying desperately to find an effective counterattack.

The diplomats have talked with Foreign Minister Dmitri Shepilov and other Russian leaders. They say the Soviet reaction sums up to this:

1. The Russians see the Eisenhower doctrine as another step toward Western encirclement of the Soviet Union.

2. Their opposition is not just anti-West propaganda. They need something concrete.

3. The Kremlin knows it has to come up with something concrete, not just propaganda, to defeat the new U. S. move.

The foreign diplomats point out, however, that the satellites are draining the Russian economy so heavily the Soviet Union can't hope to match U. S. dollars.

Several diplomats in Moscow, including some friendly to the West, also say emphasis on the military side of the Eisenhower program, on the heels of the British-French invasion of Egypt, was a mistake.

"If the military aspects had been dropped or minimized, the program would have been hard to beat," one commented.

**Soviets Off Balance**

One diplomat after discussing the Eisenhower proposals with Soviet leaders said he believes the plan "still has the Soviet bosses off balance. They fear it and are seeking effective means of combatting it."

Published agreements with other Communist nations in the last two months reflect the heavy drain on Soviet foreign exchange and food reserves by Poland, Rumania and East Germany, as well as smaller demands by other Communist countries.

"This economic picture shows the Soviet Union's master planners will be slow in recommending an attempt to match American dollars with Soviet rubles in the Middle East," a diplomatic source said.

### County School Board Sets Reorganization

LISBON — Reorganization meeting of the Columbiana County Board of Education will be held Saturday at 8 p.m. in the Board of Education office in the Court House, County Supt. James L. McBride said today.

It is expected that a new member will be appointed to the county board to replace Asst. Prosecutor J. Warren Bettis, who resigned in November. J. B. Ferguson, of Salineville was nominated last meeting, but it is expected that he will not accept the appointment.

Another appointment from the vicinity of Salineville is expected to be made at Saturday's meeting. Financial reports and appropriations for 1956 will also be discussed, McBride said.

## Leetonia High School Students Learn Trades Under Program Offered First Time This Year

LEETONIA — Twenty Leetonia High School juniors and seniors are working in various fields of trade while studying under a diversified cooperative training program being offered in the Leetonia school system this year for the first time.

Under the guidance of Charles Besse, teacher coordinator and a Miami University graduate, the program is offered to juniors and seniors who must be 16 years of age or over.

Object of the training program is to provide youth interested in a particular trade with a fitting background upon graduation from high school. Therefore, students who are not interested in further academic study at colleges or universities or who are not qualified for such study, can begin learning a particular trade while still in high school.

A minimum of 15 hours of practical work per week is performed by the students who receive practical training in the different industries through a pre-apprenticeship program. Students must complete at least 7½ hours of classroom study each week. According to Besse, Leetonia students manage about 20 hours of practical work each week, and 10 hours of classroom time.

IN THE MORNING, the 20 students to work at "training stations" in various shops and businesses where they learn under the tutelage of the experienced owners or workers. Afternoon sessions are spent ironing out problems with Besse who follows a prepared textbook for each field, viewing films, or hearing speakers.

Classes meet in a room on Front St. near the Blackwood Restaurant because of the unavailability of classroom space in the village schools.

After completing a year's work, the students will receive certificate of merits which will be applicable to high school credits, and a listing of the amount of hours in actual training which may be shown to a prospective employer. While at work students are paid by the industries employing them on an hourly basis, usually 75 cents per hour.

Inauguration of the diversified cooperative training program, as the state education department calls it, is a part of the progressive program of Paul Hayes, Leetonia Schools superintendent, who recently broadened the curriculum and brought studies and work areas up to date.

HAYES AND THE Leetonia School Board took the initial action in the move to acquire the training program in the school.

The vocational educational division of the Ohio State Education Department, upon the Leetonia board's request, conducted a survey in the village to ascertain community feeling concerning the proposed project.

After the department's survey team turned in a favorable report, the board decided July 1 to hire Besse to take over the training program. Students completed questionnaires concerning the trade areas of study they were most interested in, and from those were chosen students now enrolled in the class.

Twenty students is the maximum number suggested by the state department for schools the size of Leetonia.

According to Besse, a large part of the success of such a program is attributed to the compatibility of the students with the industries in which they wish to work. The program in Leetonia is working much better than school officials expected during its first year of birth, he said.

### Hungary To Try U. S. Photographer

WASHINGTON (AP)—Communist Hungary has notified the United States it will try Mrs. Georgette Meyer Chapelle, an American photographer, on charges of entering the country without a visa.

The State Department said today the U. S. legation in Hungary was informed of this while demanding Mrs. Chapelle's release from a Budapest jail, where she has been held for six weeks.

Mrs. Chapelle, a free lance photographer based in Vienna, disappeared near the Austrian-Hungarian border.

Press Officer Lincoln White said the department would do its best to help Mrs. Chapelle in any trial she faces. He said no date for such proceedings is yet known.

The State Department also is investigating a report that an American student volunteer has been arrested by Hungarian police on the frontier while assisting the International Rescue Committee with refugees.

The student is reported to be Richard Roraback of Dobbs Ferry, N. Y., who was studying in France when he volunteered to help in the refugee work.

His sister and brother-in-law, Mr. and Mrs. Walter Kiefer of Wapakoneta, are in fair condition at a Lima hospital.

### UMW Assesses Each Of Its Members \$10

WASHINGTON (AP)—The United Mine Workers is levying a \$10 assessment on each of its working coal miner members to boost the union's treasury by an estimated 2¼ million dollars. The union claims 225,000 working members.

The assessment was announced today in the union's newspaper, the Journal, in a statement by UMW President John L. Lewis and other UMW officers. They said the extra money is needed to meet "tremendous expenses" in 1956.

It was explained the expenses included "litigation, settlement of lawsuits, the sustaining of the organizing campaigns.... as well as the expenses incident to the holding of the last international convention, which expenses alone amounted to almost \$500,000."

Five dollars of the assessment is to be collected on pay due for the last half of January, and the balance from pay due on work performed in the last half of February. Retired and other non-working members and members of the UMW's District 50, who are not coal miners, are exempt from the assessment.

# Will New Program Cripple The Draft?

## Army Offers Way For Youths 18½ To 26 To Avoid Draft

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP) — Will the Army's new program for draft-age youths cripple the draft? The answer won't be known until after the program goes into effect April 1.

Maj. Gen. Lewis B. Hershey, head of Selective Service, has indicated he does not think the draft system will be affected. And Pentagon officials have pooh-poohed the idea it might be. There is no talk here of ending the draft.

Presidential candidate Adlai Stevenson said during the recent campaign that he hoped the draft could soon be ended. But at that time Eisenhower administration officials said the idea was impractical and unrealistic.

The Army this week laid down a program permitting youths 18½ to 26 to avoid the draft—and its two years of active service—by volunteering for six months' active duty and then going into the reserves for 5½ years.

The purpose, so Pentagon people said, is to build up this country's reserves into which the government would have to dip for men with military training in case of an emergency.

Many youths, faced with the draft and 24 months of active duty will probably ask themselves: Why should I go through that if I can serve only six months, even though it means staying and training in the reserves for 5½ years?

Briefly, this is an ABC on the program which affects three groups of young men: (1) those who are drafted; (2) those who avoid the draft by joining the National Guard and (3) those who avoid it by going into the reserves.

The present program and the one going into effect after April 1 will be placed side by side since the draft age covers those between 18 and 26.

Youths 17 to 18½: Present program — They can avoid the draft by volunteering for six months' active duty. Then, returning to civilian life, they must go into what is called the ready reserves, which require weekly or regular training, for 7½ years.

New program — They will be able to volunteer for six months' active duty and then go into the ready reserves for 4½ years. After that they go into the standby

reserves, which require no training, for three years.

Youths 17 to 18½ going into the National Guard:

Present program — They can avoid the draft by signing up with the National Guard for 10 years. They don't have to do any active duty but are required to drill regularly and put in two weeks' training a year. If they do volunteer for six months active duty, they can reduce their enlistment in the Guard from 10 to 8 years. But they don't have to volunteer for those six months' active duty.

New program — They will have no choice about active training. They must put in six months' active duty but will be able to reduce their service in the Guard to 4½ years and then go into the standby reserves.

Now for those between 18½ and 26:

Present program — These youths — unlike those between 17 and 18½ — can't avoid the draft by joining the reserves or the Guard. They have a choice of enlisting in any one of the services or being drafted into the Army for two years. A draftee still must go into the ready reserves for three years.

New program — Those between 18½ and 26 — instead of enlisting in the regular Army or being drafted for 24 months—can if they wish volunteer for six months' active duty and then must serve 5½ years in the ready reserve.

Youths who are drafted, once they've served their 24 months' active duty, will have to serve only two years in the ready reserve 5½ years in the ready reserve.

Youths who are drafted, once they've served their 24 months' active duty, will have to serve only two years in the ready reserve instead of the present three.

All this may not be final. The National Guard Assn. is strongly opposed to the program as it affects the Guard. It will protest to Congress. And Congress almost certainly will look into it and have something to say.

GRANGERS TO MEET  
The regular meeting of Willow Grove Grange will be held Friday at 8:30 p.m. Mrs. Roland Stryfeler will be in charge of the lecture hour.

**INTERIM SENATOR** — William A. Blakely, above, 58-year-old Dallas attorney, has been appointed to take Price Daniel's place in the U. S. Senate by outgoing Texas Gov. Allan Shivers. Daniel's resigned from the Senate to assume his new post as governor of Texas. Blakely, described as an "Eisenhower Democrat," refused to say whether he will vote with the Democrats or Republicans in the Senate.

## Krupansky Named Liquor Director

COLUMBUS, Ohio (AP)—Robert B. Krupansky, 35-year-old Cleveland attorney, was scheduled to be sworn in today as state liquor director.

Krupansky, whose appointment was announced Wednesday by Gov. C. William O'Neill, said he will begin work immediately.

He said he will ask funds to increase his department's investigative force from 74 to 125 to aid in his policy of "aggressive" enforcement of Ohio liquor laws.

Krupansky succeeds William C. Bryant in the \$18,000-a-year post.

## Urges Planning To Avoid New Water Problem

COLUMBUS, Ohio (AP)—The nation's water problems will be "infinitely worse" than they are today unless an overall conservation plan is devised, Gen. E. C. Itschner, chief of U. S. Army Engineers, said Wednesday.

The general spoke at the opening session of a two-day Ohio natural resources conference here.

Gen. Itschner toured several drought-stricken southwestern states with President Eisenhower earlier this week.

He said the situation "is certain to be infinitely worse unless vigorous nationwide action is taken to effect optimum development of our water resources."

Part of the trouble, he said, lies in the continually increasing population and heavy industrialization along river banks.

"When a reservoir or a river bank becomes overlaid with highways and railroads and towns and industries, the cost of buying them or moving them, in order to use the site for water resource development purposes, may be so great as to be economically infeasible," Gen. Itschner said.

The conference is sponsored jointly by the Ohio Department of Natural Resources and the Ohio Chamber of Commerce.

## Bill Proposes Five Holiday Weekends

WASHINGTON (AP)—There would be at least five long holiday weekends each year under legislation proposed today by Sen. Potter (R-Mich.).

Under his bill New Year's Day, Washington's Birthday, Memorial Day, Independence Day and Veterans' Day would be observed annually on the Monday nearest their calendar dates.

## Gas Line Blast Kills 3 Men

Supplies Threatened  
Eastward To Detroit

LIBERAL, Kan. (AP) — An explosion flashed through a big pipeline compressor station here in the southwest corner of Kansas Wednesday, killing three workmen and threatening natural gas supplies as far east as Detroit.

Officials of Panhandle Eastern Pipeline Co. said they hoped to restore deliveries to 70 per cent of normal today.

They indicated this would mean no curtailment of gas for household use along Panhandle Eastern's system in Kansas, Missouri, Illinois, Indiana, Ohio and Michigan.

Industrial users in the six states were cut off immediately. The whole area presently is in the grip of a cold wave.

There were about 25 men in the plant. Fourteen were burned and battered by the explosion. Three were reported in critical condition. Four were released from a hospital after treatment.

The blast blew the metal roof and sides off the main compressor building, 364 by 68 feet. It wrecked the engines and compressors. An adjoining machine shop was heavily damaged. Five other buildings and eight houses on the 80-acre plot 15 miles northeast of Liberal had lesser damage.

One company official said the loss might run several million dollars.

"Everything just went off in my face," said J. D. Armstrong, one of the workmen injured. "Pieces of metal and glass were flying all over the place and everything was on fire."

The fire burned two hours, fed by gas from broken lines, before valves could be closed.

Those killed were Melvin Swafford, 35, who lived on the station; James Hanes, about 30, Paul's Valley, Okla.; and Ivan Hill, about 40, Liberal.

A company spokesman said failure of a piece of equipment on a compressor engine caused the blast. Workmen said they heard a hissing noise just before the explosion.

The Liberal station collects gas through small pipelines from fields in southwest Kansas and the Oklahoma and Texas Panhandles, compressing it and boosting it along 24 and 26-inch mains to the East. It once was the largest compressor station in the world.

## Industries Face Gas Shortage

COLUMBUS, Ohio (AP) — Industries in northwestern Ohio face a shortage of natural gas today.

The Ohio Fuel Gas Co. said it has alerted 100 industrial firms in Toledo and neighboring areas to expect the shortage.

The company said its supply of gas was reduced about 25 per cent as a result of an explosion Wednesday at the Panhandle Eastern Pipeline Co. in Liberal, Kan. The explosion killed three men.

Panhandle Eastern supplies Ohio Fuel Gas with 50 million cubic feet of gas daily, the company said. Wednesday's supply, however, was reduced to 30 million cubic feet, and today's supply may be cut off altogether.

A company spokesman said no curtailment for residential customers is expected.

## CHURCH OFFICIAL RETIRES

BUCK HILLS, Pa. (AP) — The Methodist Church's general secretary for its division of national missions, Dr. Earl R. Brown, retires today. A minister for 49 years, Dr. Brown will serve in an advisory capacity until June, when he will make his home at Lakeside, Ohio, in Ottawa County. He was born in Pierpont, Ashtabula County, Ohio, in 1887.

## The FEDERAL BUDGET

**BUDGET'S BALANCED AGAIN** — For the third year in a row, President Eisenhower has presented a balanced budget in his message to Congress. Newschart breaks down estimated receipts and the proposed record peacetime spending — 71.8 billion dollars — an increase of 2.9 billion over the current fiscal year, 1957. Fiscal 1958's receipts are estimated at 73.6 billion, up 3 billion from 1957. Prospective surplus of 1.8 billion is to be applied to reduction of the 275 billion federal debt, as were the surpluses of fiscal 1957 and 1956.

## Strikes, Phone Company Hold Talks

COLUMBUS, Ohio (AP) — Representatives of Ohio Consolidated Telephone Co. and the Communications Workers of America (CWA) were scheduled to meet for another negotiating session here today.

The Seneca Hotel, scene of several long and fruitless negotiating sessions in the six-month-old strike, was to be the meeting place.

Federal mediators had little hope for settlement at today's meeting.

In New Boston, Police Chief Fred Brown said he filed disorderly conduct charges against Marion Jordan, 60. Brown said Jordan threw rocks at the company's New Boston exchange Sunday night.

In another development, Frank Thernes, CWA district director, predicted the union would "win the strike."

He said a company announcement that striking workers will be replaced is an "idle threat because management can never replace the skills and experience of its present employees and will need them desperately when the strike is over."

The strike began July 15 when a one-year contract expired.

## Oldest Auto In U. S. Flying To Michigan

SAN FRANCISCO (AP) — The oldest known automobile in America is flying — literally — from here to Dearborn, Mich.

The electric cab built in 1885 for experimental use by Thomas A. Edison headed via Slick Airways plane Wednesday night for the Henry Ford Museum in Dearborn, which is celebrating the 110th anniversary of Edison's birth.

The two-passenger automobile is eight feet long, four wide and has three wheels (two in front).

## 1,120,000 Homes Started In 1956

WASHINGTON (AP) — The Labor Department said today 1,120,000 dwelling units were put under construction in 1956, the eighth straight year in which housing starts passed the million mark.

The department's Bureau of Labor Statistics said the 1956 homebuilding rate was down 16 per cent from 1955 and 8 per cent from 1954.

When allowance is made for population growth, the bureau said the 1956 homebuilding rate was the lowest since the years right after World War II.

## Salem Garden Club Meeting Opens 26th Year Of Activity

New officers of the Salem Garden Club assumed their duties on Monday afternoon in the Ruth Smucker House. The meeting opened the club's 26th year of organized civic activities.

Guest speaker was Miss Geneva Zimmerman, local home instructor of handicapped children. She explained her work to the members, who themselves are greatly interested in the specialized service of garden therapy to the

handicapped, the ill and the underprivileged.

Miss Zimmerman told the women that "an idle body welcomes mental activity." She also suggested television as a means of bringing fellowship of other children of their own age to shut-ins. She appealed to everyone to remember that "it is not necessarily our material gifts which bring happiness to these children — the greatest gift we can give them is a personal visit."

Mrs. R. K. Zimmerman, program chairman who introduced the guest speaker, also introduced a club member, Mrs. R. R. Cuthbert, whose talk on horticulture titled "Arm Chair Gardening" covered new things in seed catalogs and other helpful facts interesting to home gardeners.

Mrs. A. A. Parker presided at the business session, and a new member, Mrs. Castle Smith, formerly of the Hill and Dale Garden Club of Ashtabula, was introduced by the membership chairman, Mrs. Lozier Caplan.

Special recognition was given to Mrs. George F. Jones, outgoing president, for her successful leadership in 1936. Remarks were made by Mrs. C. B. McConner and Mrs. Alroy Bloomberg, who presented Mrs. Jones with a past president's pin and a gift certificate for plants or garden supplies.

Preceding the business session and program, a coverdish luncheon was enjoyed. Thirty-eight members and a guest were seated at tables arranged attractively by various groups within the club.

A prize went to Mrs. C. R. Votaw, Mrs. George Perrault Jr., Mrs. William Reardon, Mrs. N. L. Reich and Mrs. Powell Schmauch for their table. "Enchantment of the South Seas" was portrayed in their decorations which featured a centerpiece of sea shells, pearls and dried tropical foliage on a turquoise and silver cloth.

The luncheon committee was headed by Mrs. J. B. Atchison. She was assisted by Mrs. Lester Baldinger, Mrs. James Barrow, Mrs. John Bauman, Mrs. J. H. Benson, Mrs. W. P. Blair, Mrs. Bloomberg, Mrs. V. J. Bober and Mrs. James Britt.

A work shop is scheduled for the Feb. 25 meeting in the Ruth Smucker House.

## Wesleyan Guild Hears Speech Therapist

"Island In My Community" was the program theme of the meeting of the Wesleyan Service Guild of the First Methodist Church held Monday evening in the E. 11th St. home of Mrs. Donald Stapleton.

Mrs. Charles Wiggers introduced the program and explained the theme of the session.

One of Salem's "islands," according to Miss Eleanor McMurray, are the children handicapped in speech and hearing.

Mrs. Lorena Schaefer, speech and hearing therapist in Salem public schools, spoke on her work with handicapped children in the city.

The club was extended an invitation to attend evangelistic services in the Methodist Church during the week of Jan. 20.

The guild will meet again Feb. 11.

## Goodfellowship Class Holds Get-Together

The Goodfellowship Class of the New Garden Methodist Church met recently at the home of Mr. and Mrs. Don Smith of New Garden, with Mr. and Mrs. Wilfred Gamble and Mr. and Mrs. David Beall as co-hosts.

Alfred Gamble presided at the business meeting when plans were made for a benefit. The benefit committee is comprised of Mrs. Homer Messer, Mrs. Alfred Gamble and Mrs. Beall. Mrs. Franklin Humphrey presented the secretary and treasurer's reports.

The next meeting will be held Feb. 14 at the home of Mr. and Mrs. Homer Messer, with Mr. and Mrs. Homer Stryfeler and Mr. and Mrs. Carl Libert as co-hosts.

## Dinner Program Held By Wee Eight Club

A chop suey dinner was enjoyed by the Wee Eight Club Tuesday evening at the home of Mrs. Robert Chappell of Franklin Ave.

The meeting marked the beginning of the 13th year for the club. Mrs. Chappell was assisted by Mrs. Richard McConner.

Bridge was the diversion for the evening, with game honors going to Mrs. Leland Patterson, Mrs. George Thompson and Mrs. Fred Culler. Mrs. George McCloskey was a guest.

The birthday anniversary of Mrs. Patterson will be celebrated when the group gathers at her home-wood Ave. home Jan. 28.

## Presbyterian Group Plans '57 Programs

Plans and suggested programs for the new year were discussed at a meeting of the May group of the Presbyterian Women's Association Tuesday morning. Mrs. Bruno Stanga was hostess to the group at her home on W. 6th St.

Mrs. Stanga, chairman, conducted the business session. She announced the new chairmen for the coming year: Program, Mrs. Sherman Moore; fellowship, Mrs. Clyde Baird; telephone, Mrs. Jack Hovis; transportation, Mrs. Ernest Breit; world service, Mrs. Richard Smucker; tax stamps, Mrs. Karl Wright; Mrs. Edward Wilhelm will serve as secretary-treasurer.

Mrs. Harry Barker, devotional leader, used the theme, "Jesus Teaching on Citizenship." Mrs. Smucker read scripture, and each member read a paragraph from the study book.

Miss Carolina Hole led the circle study on "Conversations in South East Asia."

Mrs. Stanga and her committee, comprised of Mrs. Doris Shea and Mrs. Dan Sutherland, served at the coffee hour, which preceded the program. Pre-school children of the members were entertained at the home of Mrs. Bryce Kendall during the whole session.

The program chairman introduced Mrs. Robert Hall who announced that "United Nations" will be the subject for the February meeting. Members will be notified of the time and place.

## Secret Pals Chosen By W. E. M. Club

Mrs. William Crookston of E. 8th St. entertained members of the W.E.M. Club Tuesday evening. Mrs. Kenneth Detwiler and Mrs. John Frederick shared honors in "500."

Mrs. Leeds Frye was selected to serve as president of the Travelers Club for the coming year at the club's regular meeting Tuesday afternoon at the Ruth Smucker House.

## Progressive Mothers Hear Rev. Carter

How religion knits a family into one close unit was stressed by Rev. A. Laten Carter, pastor of the First Presbyterian Church, who spoke on "Religion In Family Life" before members of the Progressive Mothers Club Tuesday evening in the home of Mrs. Lester Bateman of Highland Ave.

Rev. Carter, in emphasizing the importance of religion in the home, said that grace at the table is a "must."

Mrs. Donald J. Smith introduced the speaker.

A scotch auction scheduled for March 5 was discussed by the club. Mrs. Fred Limestahl, ways and means chairman, will be in charge of the event.

The two Salem families aided by the mothers during the Christmas season were discussed.

Associate hostess was Mrs. R. K. Kuhl.

At the Feb. 5 meeting of the club, Mrs. George Boeckling of Ninth St. will be hostess, to be assisted by Mrs. Richard Albright.

## Mrs. Snyder Hostess To Oakettes Club

The Oakettes Club was entertained Tuesday evening at the home of Mrs. James Snyder of Oak St.

Five hundred was in play, with prizes awarded to Mrs. Robert Hill, Mrs. Paul Horning and Mrs. Robert Dressel.

Names were nominated for a new member to replace Mrs. Wayne Whiteleather. The hostess served refreshments, assisted by Mrs. James McNeelan.

The Oak St. home of Mrs. Pat Colian will be the scene of the Feb. 5 meeting.

## 4-H Club News

Senior Silver Thimble Officers were elected at a meeting of the Senior Silver Thimble 4-H Club Monday at the home of the advisor, Mrs. Don Huston of Teegarden Road.

The meeting was opened with the 4-H pledge, after which the following were elected: President, Audrey Votaw; vice president, Beverly Hilliard; secretary, Mary Evans; reporter, Mary Callahan; recreation leader, Maryann Windle; devotional leader, Sally Callahan; health and safety leaders, Maryann Windle and Sally Callahan; and treasurer, Margaret Evans.

Dues and projects were discussed. Mary Evans and Maryann Windle closed the meeting.

Lunch was served by the advisors, Mrs. Huston and Mrs. Bill Henceroth.

By Victor Riesel

There is one man who can really kick the world Communist parties on their way down — a swift kick right in their Aesopian language.

He is Earl Browder, once powerful head of a powerful American Communist party.

Not long ago we talked. It was a trifle awkward. For years I had deluged him with various verbiage. We spoke shortly after I had been deluged with acid.

He said quietly that he and I had been enemies but in all the years of battle there had been a morality in his activities which loathed the evilness of the thing which sprang from the darkness that night and blinded me.

I remind him now of that brief conversation. For there is a parallel evil in the Communist movement. Budapest today is far more stained than the sidewalk on which I stood that night of the acid attack.

EARL BROWDER can rip wide open the dangerous illusion some still have that the Communist party is a party and not a plot.

Browder can tell the world just how the party operated. He was not only leader of the Communist party in its salad days but was also Moscow's liaison with the White House.

There is a lady who can prove this. She is a former college teacher. She shuttled between Browder and the late Franklin Delano Roosevelt.

I do not here for a moment mean to impugn the late President's motives in this relationship. What he received from Browder, he believed he needed.

At one time FDR was heard to say to some intimate friends: "I don't know who is using who. Browder may be using me more than I am using him."

Many messages were brought in from Browder. Many reports to read. There was material on the Polish crisis. There was data on the Chiang Kai-shek blockade of Communist armies, places, divisions, armaments, and internal affairs which Browder could only have gotten from Moscow.

THE FORMER teacher is expected to testify, or may already have done so, on some of this.

Browder also knew of Communists reaching high up into our super-secret war time Office of Strategic Services (OSS), government bureaus and the labor movement.

There is much for him to tell and make heard above the din of Soviet guns in Hungary now that striking and picketing is punishable by death where the Danube flows red instead of blue.

But this is just one of the endless betrayals of what Browder fought for. Over the years he has seen not only his ideals but his friends destroyed.

Recently a British Broadcasting Corporation reporter asked Browder:

"When you were secretary of the American Communist party and used to visit Moscow during the war did you feel that anything was wrong there?"

"Yes, I did," Browder replied, "although it was difficult to put one's finger on exactly what was wrong."

"The overriding menace of Hitler Germany served to prevent most persons, including myself, from digging deeply into what was going on in Russia. But thousands

of foreign Communists in the 1930's were deeply disturbed by the disappearance from time to time of their old friends among Russian trade union leaders.

"MOST PARTICULARLY they were disturbed by the fact that inquiries brought no information but only the bland answer, 'Never heard of them.' When even the records of men disappeared, the most blindly loyal followers knew that something was fundamentally wrong."

There is still much fundamental wrong. Browder need feel no moral code gagging his tongue today. This is a most strategic moment. The force which betrayed him is now cracking everywhere.

It is losing strength inside European labor and is being abandoned by intellectuals. Today its emissaries are trying to make peace with the dissidents who were horrified by the grimness in Hungary.

MOSCOW'S COURIERS are peddling unity to its parties around the world and they are considering some new type of Cominform across the world.

In Aesopian language Moscow refers to this new Communist International as "bilateral liaison" between Communist parties of different countries, including the U.S., where the party is solidifying itself again.

One kick from Browder in the center of this Aesopian language — as our government is asking — could stop Moscow's reorganization around the globe. This much he owes himself and the morality of which he spoke.

## Non-Ohio Truckers Not Paying Tax

COLUMBUS, Ohio — Out-of-state truckers are reporting liability for the axle mile tax but are not paying it, an official in the state department of taxation said today.

G. E. Williams, chief of the department's use tax section, said truckers from Michigan, Pennsylvania and Indiana had followed this practice since a court decision knocked out a reciprocity agreement with Michigan in 1955.

Williams said this and other factors are responsible for the marked decline in actual tax collections for the last calendar year.

Receipts from the axle mile tax during the fiscal year ended June 30 were \$11,597,727. A year ago, receipts totaled \$11,836,663.

The tax official also reported that the Ohio Turnpike and the steel strike last year had their effects on the revenue produced by the tax.

In addition, he said, another six million dollars in assessments are under appeal either to the state board of tax appeals or to hearing boards set up by the state tax commissioner.

Wesleyan College, in Macon, Georgia, was the world's first college chartered to grant degrees to women, according to the Encyclopedia Britannica.

## Leetonia Eagles Auxiliary Has Plans for Anniversary Affair

LEETONIA — The Eagles Ladies Auxiliary elected two candidates to membership at the meeting Monday in the F.O.E. Hall.

## Auto Inspection Sought In Ohio

COLUMBUS, Ohio — Regular inspection of automobiles was proposed in 92 bills flooding into the Legislature before it adjourned today until Monday night.

The measure by Rep. Lytle G. Zuber (R-Franklin) would ban unsafe vehicles from Ohio highways. Zuber also offered proposed laws to driver examinations for persons over 70 and to ban after dark driving by 18-year-olds unless accompanied by an older licensed operator.

The Legislature received 58 new bills Tuesday and 34 more Wednesday.

Sens. Lowell Fess (R-Greene) and Raymond E. Hildebrand (R-Lucas) proposed to make the slaying of any on-duty game protector first degree murder, similar to a law covering the killing of policemen.

At one time, the Chinese wore five buttons on their coat front to represent the five virtues: humility, justice, order, prudence and rectitude.

A donation was made to the March of Dimes, and the auxiliary is invited to go to Columbiana on Sunday, Jan. 27, to help that organization celebrate its anniversary.

Plans were discussed for the local organization's fifth anniversary which will be held in March. The 57th anniversary of the Grand Erie will be observed Feb. 3 to 9.

Mrs. Ella Koontz was awarded a special prize Monday evening and the social committee, Mrs. Ella Koontz, Mrs. Ethel Fast and Mrs. Florence Knepper served the lunch.

Next meeting is Jan. 28. Carl Dennison of Butler, Wick and Co., of Youngstown will be the speaker when the Leetonia-Washington Kiwanis Club meets Monday evening at 6:10 in the Presbyterian Church. Harry Ginter is program chairman.

Mrs. Pat Tortora is vacationing in Florida.

Installation of officers will be held by D. Wallace Rebekah Lodge at the meeting Tuesday evening. Mrs. Louise Yoos, deputy president, will install officers.

AUTO KILLS PEDESTRIAN  
AKRON, Ohio — Samuel Boberich, 57, of Akron, was killed by an automobile near his home Wednesday night. The driver was not held. Police said they were told Boberich stepped into the path of the automobile from behind a parked car.

## Cerf Blasts Censorship

Novel Banned In Cleveland, Detroit

CLEVELAND (AP) — Bennett Cerf, the publisher, told the Cleveland Printing Week banquet Wednesday night:

"This censorship business is getting out of hand."

"I am happy to jump into the fight and this time every other book publisher will jump in too," he said.

Cerf was referring to the banning in Cleveland and Detroit of the paper-cover edition of "Ten North Frederick," a novel by John O'Hara, published by Bantam Books, of which Cerf is director.

"A great freedom we enjoy is freedom of the press," Cerf said, urging newspapers to step into the battle on his side. "There are many adequate laws for taking care of pornographers."

Citing what he called the perils of censorship, Cerf said:

"First you stop a book from being published because you say it is dirty."

"Next you tell people they can't read it because of political ideas that are contrary to those of the powers that are riding high."

Only the soft-cover edition of the book is at issue. The hard-cover edition, sold at a considerably higher price and published by Random House, of which Cerf is president, has not been banned.

Henry J. Londrat, state deputy of the Ohio Knights of Columbus, took issue with Cerf's stand on censorship.

"It is unfortunate that in the publishing business a leader is willing to trade writing dollars for decency," he said in a statement. "Capt. Arthur Roth of the Cleveland Police Department is deserving of the highest commendation for the fine action he has taken in requesting removal from the newsstands of this filthy book."

## Life Expectancy Of 100 Is Foreseen

CINCINNATI (AP) — A Philadelphia medical expert declared today that if two problems are conquered "there is no reason why people cannot have a life expectancy of 10 years within a quarter of a century."

The statement was made by Dr. Edward L. Bortz of Philadelphia's Lankenau Hospital at the third annual Merrell Symposium on Medicine in Aging.

Dr. Bortz said these are the two problems to be met in the health situation of the aging:

"1-Conquering the major dilemma of today's 'young man of 65'. Retirement and social security have robbed him of activity; he becomes old because he is bored. There is a great necessity of a positive energy maintenance and a high motivation for living."

Dr. Bortz asserted that "the increasing proportion of older people has become the major challenge of medical research today."

At another session of the conference, Dr. Ansel Keys of Minneapolis asserted that being fat "does not appear to be a major cause of coronary heart disease."

He added, however, that the ordinary food fats in the usual American diet "must be suspected of promoting the development of coronary heart disease."

The cause, he said, is that meals with large amounts of fats make the blood unduly able to clot and promote formation of a clot in the system of blood vessels or lymphatic system.

Dr. Keys is a professor of physiology and director of the laboratory of physiological hygiene at the University of Minnesota.

## Fire Causes Heavy Damage To Plant

CLEVELAND (AP) — Damage estimated at between \$100,000 and \$350,000 was caused by a five-alarm fire Wednesday night at the Midland Steel Products Co., 10615 Madison Ave. The fire drove about 900 employees into the sub-zero cold.

The flames were reported under control at midnight, but company officials said the plant apparently would have to be closed. The \$100,000 estimate was made by Fire Chief Elmer M. Cain. Plant officials, however, said the loss might run as high as \$350,000.

Cause of the blaze, which started in the two-story paint and drying building, was not determined immediately. Midland, a steel fabricating company which produces frames, brakes and stampings for the automotive industry, employs about 1,600 men.

## Executive Insures His Brain For \$100,000

BEAUMONT, Tex. (AP) — A metals company executive has insured his brain for \$100,000. "I make my living with my brain," said Lloyd C. McManus, 37, president of Southern Iron and Metal Co., explaining the policy he has taken out with Lloyd's of London. He said the policy will run 10 years, but wouldn't say how much of a premium he will have to pay.

COOL TUNE — Fireman Ed Gurski pauses to play a cool number on a frost-bitten piano after helping to fight a fire in Chicago. The piano was stored behind a building where the fire damaged a restaurant and a paint store.

## Toscanini's Body To Lie In State 2 Days

NEW YORK (AP) — The body of Maestro Arturo Toscanini, musical genius beloved by millions for more than two generations, will lie in state for public viewing today and Friday.

The Maestro died in his sleep Thursday morning at his home in Riverdale, the Bronx, after a stroke. He would have been 90 in March.

Said President Eisenhower in a statement:

"As a man and as a magician he gained the admiration of the world. He spoke in the universal language of music, but he also spoke in the language of free men everywhere."

"The music he created and the hatred of tyranny that was his are part of the legacy of our time."

There will be a Solemn Requiem Mass in St. Patrick's Cathedral at 9 a. m. Saturday. Later the body will be flown to Italy for burial in the family chapel in Milan.

## Cold Weather Seen For Next 30 Days

WASHINGTON (AP) — The weather will be colder than usual for the season over most of the nation during the next 30 days, the Weather Bureau said Wednesday. The bureau's outlook for the mid-January to mid-February period calls for subnormal temperatures everywhere in the country except the southwest. In that area, temperatures are expected to average around normal.

The greatest drop from normal temperatures was forecast for the northeast.

The outlook added: "Precipitation is expected to exceed normal along the Gulf Coast and east of the Appalachians with frequent snows from the Carolinas northward. Greater than normal amounts are also anticipated in the Rock Mountain States while subnormal precipitation is indicated over the Midwest. In areas not specified near normal amounts are in prospect."

One-third of all the gasoline service stations in the United States have no full-time employees.

## Contracts Awarded For License Plate Paint

COLUMBUS, Ohio (AP) — Contracts have been awarded for paint for Ohio's 1958 auto license plates.

The 1958 plates will have a dark blue background for white numbers. State Purchasing Agent John W. Bush announced a \$41,250 contract for the dark blue paint had been awarded the Marietta Paint and Color Co., and a contract of \$3,450 for white paint to the Hanna Paint Co.

Bush said last year's experimental use of varnish to cover the paint has been abandoned. It was found that the extra cost would be greater than the cost of better paint, he said.

"I think a year from April will find the tags looking a lot different than they have in previous years," Bush said.

## Railroad Starts New Electronic Control System

ERIE, Pa. (AP) — New York Central Railroad President Alfred E. Perlman pressed a button here Wednesday activating a \$6,238,460 electronic control system for 163 miles of double main line track between Cleveland and Buffalo.

The track, over the NYC's Lake Erie Division, is the longest in the world. Most previous centralized traffic control installations have been on single tracks.

Two dispatchers seated at huge control panels here, the midpoint of the division, will keep trains under constant observation and control. One dispatcher will control traffic from Buffalo to Erie, the other from Erie to Cleveland.

Two sets of tracks in the four-track main line are being eliminated as a result of the new centralized traffic control.

The Central says the 163-mile stretch of double track will be the world's safest. A leverman cannot throw a wrong switch, and if an engineer fails to obey a signal his train is brought to an automatic stop, it was explained.

The two-year project dedicated today is but one step in NYC's long range plan for an electronically controlled double track main line all the way from New York to Chicago.

Central pioneered in this railroad development, and on hand for today's ceremony was C. H. Dye, 70, of Fostoria, Ohio, who

operated the nation's first centralized traffic control installation in 1927 on NYC tracks between Berwick and Stanley, Ohio.

Additional centralized traffic control installations are being built from Buffalo to Syracuse and from Toledo to Elkhart, Ind. Still in the drawing-board stage are extension of the electronic controls to double trackage between Syracuse and Albany and between Cleveland and Toledo.

## Leetonia Council May Act Feb. 6 On Gas Rate Plan

LEETONIA — Village Council is expected to act at its Feb. 6 meeting on the Ohio Fuel Gas Company's new rate proposal for Leetonia.

Bruce Cox, Salem district manager for the gas company, explained the rate proposal at Council's regular meeting Wednesday night.

## Dairy Farm Income Shows An Increase

CLEVELAND — Statistics compiled by Howard G. Eisman, Cleveland Federation milk market administrator, show that income of the typical dairy farm serving Greater Cleveland jumped an average of \$2.27 a day in 1956.

A total 986 million pounds of milk were consumed by the Cleveland market last year, a drop of four million pounds compared with 1955. Farmers received an average minimum price of \$4.45 a hundredweight last year under the federal order.

Emergency higher prices that benefited the Cleveland area milk producers by \$686.00 were won through the joint efforts of the Milk Producers Federation of Cleveland and other Ohio milk cooperatives last spring. These benefits, however, have expired and some storm warnings have been hoisted for dairy farmers.

The first was the refusal by Washington to hike the price formula in the Cleveland, Akron and Canton federal orders as requested in hearings late last year.

Second, the base quota plan may not come to the rescue this spring as it did last year. Strong fall production while fluid milk sales held even or declined made an unfavorable outlook for eligible and surplus milk next April.

House Appropriations Committee called the budget "inflationary." And he complained that "there is no retrenchment, no economy."

Up jumped Rep. Halleck of Indiana, the assistant House Republican leader, to say that Cannon was showing a "new-found solicitude" about the effects of inflation on the American people. Halleck said that in past years Cannon was one of those "feeding those fires of inflation rather than trying to put them out."

**Gopp To Seek Council Post At Primaries**

Lee A. Gopp of 428 E. School St. filed today with the board of elections as a Republican nominee for second ward council, subject to the May 7 primaries.

Owner of a shoe repair shop on Penn Ave., Gopp lost a close contest for the Second Ward council seat two years ago.

Miss Myrtle T. Strabley, veteran Salineville village treasurer, filed for renomination today on the Democratic ticket in that community.

## Bomb Found In Cleveland Store

Druggist Warned Of  
Impending Explosion

CLEVELAND — Police found what they said appeared to be a homemade bomb in a west side drug store Wednesday night. The pharmacist had received two telephone calls telling him there would be an explosion at the store.

Charles Ruxin, owner of Reliable Leader Drug Co. told police his pharmacist, David Domizi of Fairview Park, received a warning from a male caller about 8:20 p.m. that a bomb would go off in the store at 8:30 p.m.

Police were called and were en route to the store when a second call was received, warning that the explosion would occur at 9 p.m.

Ten customers, unaware of the bomb threat, were in the store when police found the contraption near the magazine section. It was packed in a cardboard box 10 inches long and consisted of a small jar filled with a colored liquid from which wires led to three small batteries.

During the past several days, police have received reports of bombs being planted at various Greater Cleveland schools, but no explosives have been found at any of the buildings.

The latest was received about noon Wednesday when an unidentified caller reported that a bomb had been placed in one of the school buildings in suburban Brooklyn.

About 1,750 pupils at the high school and Roadman and Brookline elementary schools were sent home while police searched the buildings.

**Fire**  
Continued From Page One

throughout the state hovered at the zero or below zero mark as cold, wintry blasts from Canada kept Ohioans thoroughly chilled.

And the weather bureau predicted more frigid conditions for the next few days. Temperatures in the state were running 20-25 degrees below normal for this time of year.

Youngstown had 12 below, it was 8 below at Akron, Toledo, Belleaire and Fremont, 7 below in Columbus, 6 below in Cleveland and Dayton and 5 below at Cincinnati.

The mercury tumbled to 11 below at Marion and Chesapeake, usually the warmest spot in the state, registered 2 below.

Chardon, in Geauga County, reported 12 below at 2 a.m., while in Milford, Clermont County, the mercury plummeted to 13 below.

Snow was forecast for Ohio late today, particularly in the north. Cleveland had begun to get light snow flurries before 8 a.m. The highway patrol added to earlier warnings of slippery conditions in that area the footnote that snow will create an even greater need for caution in travel.

All secondary roads, and highways in the Cambridge, Akron and Cleveland areas, were already slippery, the patrol said.

The state highway department's early bulletin said main highways in an area bounded by Fremont, Mansfield, Akron and Jefferson were slippery in spots.

Main thoroughfares in an area southeast of Chillicothe, McConelsville and St. Clairsville were also reported slippery in sections. Driving conditions on the balance of main highways, including the Ohio Turnpike, were reported normal.

At mid-week, the weather bureau predicted continued cold until after the weekend, at least.

Today, there were indications the cold might last a lot longer than that.

The weather bureau backed up its mid-week forecast with the comment that "no let up is indicated for the next four or five days by the current pattern."

In fact, the only warm note in the weather news was a report that Canada, source of much of this cold air, might send south "air not quite as cold" today and tonight. The weather bureau was quick to add that "temperatures will still be considerably below normal, however."

Colder air is expected to move into northeast Ohio again Friday. On a long range basis, the 30-day forecast issued today indicates temperatures will be "much below normal" through the middle of next month.

**Mail Carriers Find  
Icy Walks a Hazard**

Salem mail carriers like to live up to the old maxim that "neither rain, nor snow, nor hail or gloom of night will keep them from their appointed rounds," but slippery walks and steps are a current threat to the postmen's physical well-being.

Postmaster Lawrence Beardmore urged residents today to keep their walks cleared and to salt icy steps. Several of the carriers have slipped and fallen but fortunately escaped possible injury.

**Republicans To Meet  
At Library Tonight**

The Salem Republican Organization will meet tonight at 7:30 in the basement of the Public Library instead of at the Memorial Building as previously announced.

## Two Killed, Two Missing In Explosion

PEORIA, Ill. — Two rapid-fire explosions in a city gas line leveled a house and a two-story building Wednesday night, killing two persons. Two others were missing and believed dead. Five were injured.

Killed by the blasts and subsequent fire were Perry Traub, 40, operator of a grocery in the building, and John J. Heitzman, 61, owner of both the building and the house.

Heitzman's son-in-law Robert J. Einfeldt, about 45, and Einfeldt's son Robert Jr., 11, were believed dead in the charred rubble.

Einfeldt's other son Kenneth, 8, and Heitzman's wife Opal, 60, escaped from the house after the blasts. Mrs. Heitzman suffered severe burns and cuts and her condition was described as "serious." The boy was only slightly injured.

The Central Illinois Light Co. said a company truck had been dispatched to the scene before the explosions occurred. The company said an unidentified resident of the neighborhood had complained of a heavy odor of leaking gas.

Police said witnesses reported Traub had called Heitzman to report a gas leak in his store. They reported Heitzman, joined by Einfeldt, went with Traub to search for the leak shortly before the explosions.

**Obituary**

## 100 Farmers Attend Soil, Crops Institute

One hundred farmers from Columbiana and Mahoning Counties attended the annual soil and crops institute at the Masonic Temple here Wednesday.

L. E. Lora, a member of the Columbiana County Agricultural Stabilization and Conservation Committee, spoke on "What the Soil Bank Means to Local Farmers."

Lora said the soil bank may not affect local farmers directly, but it does affect them indirectly due to lower yields and higher prices it can create.

He explained that there were two different plans to the soil bank program, one being the acreage reserve for which contracts can only be written for one year at a time until 1959.

In 1959, the entire program will be reviewed and a decision will be made by the federal government as to whether to continue with the acreage reserve program, Lora said.

Under the other plan, the conservation reserve, contracts can be written up for three, five or ten years, he said.

Under this plan, Lora said, the government may furnish up to 80 per cent of costs in establishing a cover crop. Lora explained that the deadline for signing up for the acreage reserve for 1957 was Oct. 8 for wheat and will be March 8 for corn.

The final day for registering for conservation reserve payments is March 15.

# Columbiana High School Students In Essay Contest

## Patriotism Is Theme

### Vegetable Growers To Meet Wednesday

COLUMBIANA — Fifty essays by Columbiana High School students are now in the hands of judges in the annual contest sponsored by Firestone American Legion Post.

All 252 students in High School are required to submit essays in the contest, from which school authorities select 50. Those selected have been submitted to Dr. J. R. Garstick, post chairman of the contest, who has placed them in the hands of the judges.

Firestone Post has been making 16 awards in the annual essay contests, one each to a boy and a girl in each of the four classes in both Columbiana and Fairfield High Schools, but Fairfield is not participating this year. The subject for the 1957 contest is "Patriotism in Modern America."

Judges appointed this year by William Duffy, commander of Firestone Post, are Mrs. Paul Reeves, Mrs. Harry Lundgren, the Rev. H. J. Scheidemantle and Attorney Jack Kuhlman. The judges are not aware of the identity of

any of the writers in making their appraisals.

Columbiana winning essays are to be sent by Dr. Garstick for county judging by Feb. 1.

**VEGETABLE GROWERS** will have their annual institute next Wednesday, the institute this year to be at Heck's Restaurant, Columbiana, beginning at 10 a.m. Ed Drollinger, extension horticulturist of Ohio State University, and J. P. Slesman, entomologist at the Ohio Experiment Station, will be among the speakers.

**RESIDENTS** of Columbiana and vicinity over 15 years of age will be afforded opportunities for free chest x-ray examinations when the mobile cruiser from the State Health Department visits Columbiana Tuesday. The trailer will be stationed at the public square from 9 a.m. until noon and from 1 to 4 p.m.

Cafeterias of Columbiana schools are among 28 in Columbiana county that will receive shipments of surplus food. Schools will pay only 15 to 50 cents a case, including transportation from storage centers in Canton. Fairfield School is also to benefit.

**ANNOUNCEMENT** is made of the engagement of Miss Rachel Esterly and Frederick Forney, both of Columbiana, but no date has been set for the wedding.

Miss Esterly, a daughter of Mrs. Eleanor Esterly, 25 1/2 S. Main St., and of A. Russell Esterly, 104 S. Vine St., is a graduate of Columbiana High School and is in the employ of the Franklin Furniture Co. Mr. Forney, a son of Mr. and Mrs. Elwood Forney, 209 N. Pearl St., is a senior at Kent State University, where he is a member of Theta Chi fraternity.

Philo class will meet in the Methodist Church at 8 tonight. Fairfield School Music Boosters will sponsor a dance at the school from 9 p.m. to midnight Saturday. "Slim" Monroe and his musicians will provide music for round and square dancing.

**A NEW SLIDING BOARD** for Dixon School playgrounds was adopted as a 1957 project by the Kindergarten Mothers Club at its January meeting in Dixon School Tuesday evening.

Plans for valentine parties for the children during forenoon and afternoon school sessions Thursday, Feb. 14, were discussed. With two yet to be named, 10 members of the valentine committee are Mrs. Ben Rodgers, Mrs. J. W. Oliver, Mrs. Eugene Crowl, Mrs. William McGuckin, Mrs. Donald Nicholson, Mrs. Richard Souder, Mrs. Leand Bricker, Mrs. Darrell Carder, Mrs. Raymond Cole and Mrs. James Rhodes.

Columbiana patients in hospitals who may be in need of blood for transfusion should call Mrs. C. W.

Dewalt, 2-4635 or Mrs. Walter N. Miller, 2-4643.

**MRS. MARIE CYRUS** of 129 Stanton Ave., hired by Columbiana board of education Monday evening to fill a teaching vacancy in the fourth grade occasioned by the resignation of Mrs. Jack McBride, is a graduate of Kent State and taught six years at Unity and seven years in Youngstown public schools.

Jack Clunk of Sunset Court, Columbiana, who resigned some time ago as Columbiana county assistant dog warden to take a position with the National Rubber Machinery Co. here, has been rehired by the county commissioners at a salary of \$275 a month. He began his duties yesterday. Russell Reichenbach of North Georgetown is the warden.

## Start Him Fishing!

By HAL BOYLE  
NEW YORK (AP) — Typewriter

A wise mother will teach her boy to fish right now—that is, if she hopes later in life he'll angle for an address at the White House, Washington, D. C.

The odds are heavy against the lad who hasn't at least learned to dangle a worm in water at the end of a pole.

The current issue of "The Fisherman," a magazine, cites these statistics:

A majority of U. S. presidents, from Dwight Eisenhower right on back to George Washington, member of the first sport fishing club formed in North America, have been more or less ardent followers of Izaak Walton.

The voters elected 14 consecutive fishing presidents, but never have elected three non-fishermen in a row.

Calvin Coolidge bowed to tradition and apparently became a fisherman after his election.

Grover Cleveland, one of a number of presidents criticized for spending too much time fishing, replied:

"Every patriotic, thoughtful citizen, whether he fishes or not, should lament that we have not among our countrymen more fishermen."

Commented President Herbert Hoover:

"The American people have respect for privacy only on two occasions: One of them is praying and the other is fishing, and the president can't pray all the time."

President Eisenhower's tip: "Caution is the most valuable asset in fishing, especially if you are the fish."

In the 1920's famous people like Bobby Jones, Babe Ruth, Bernard Baruch and the Duke of Windsor wore caps.

But from a peak of 55 million caps in 1927 production fell to 27 million in 1937, and these were mostly work or sport caps.

Why the slump? The Cap and Cloth Hat Institute says the gangster films in the 1930's murdered their business.

"Every time Jimmy Cagney threw a pie in Mea's face, he was wearing a cap," said Eugene Saunders, president of the institute. "Every crook, hoodlum, thug or murderer left a cap at the scene of the crime."

"In 1932 alone, 234 cap-wearing movie criminals were either killed or jailed. The producers should have been executed."

The cap manufacturers, riding a new boom, are proud that caps now adorn the heads of people like President Eisenhower, baseball star Ted Williams, actor Rex Harrison, and author Ernest Hemingway.

This time the cap-makers have declared an open war against movie or TV producers who "identify gangsters by having them wear a cap." Top hats, fedoras, derbies or football helmets—all okay. But caps — No!

"It's them or us," said Saunders.

## Brass Company To Move To Kinsman Site

CLEVELAND (AP) — Cleveland Manufacturing Brass Co. announced Wednesday it has purchased a plant at Kinsman, Ohio, near Warren, and will transfer its operations there late in March.

President T. Frank Barrett said the firm bought 14 acres and the 50,000-square-foot plant of the Glauber Brass Co., which was closed several years ago following the death of its founder, Harlow B. Glauber.

Barrett said facilities are being installed at the Kinsman plant for a foundry for the manufacture of valves and fittings for water and gas lines and various specialty items.

He said only key personnel would be transferred from Cleveland, with the production force of 150 to 200 workers coming from "the local area."

## 14 Refugees To See Ike's Inauguration

PITTSBURGH (AP) — Fourteen Hungarian refugees who arrived recently will have ringside seats at President Eisenhower's inauguration ceremonies next Monday at Washington.

Learning that some of the refugees had expressed an interest

in the machinery of inaugurating a U. S. president, the Young Republican Club of Allegheny County invited the 14 to accompany them on their special train.

## Mint Employee Charged With Stealing Quarters

DENVER (AP) — an employee of the U. S. Mint has been charged with stealing unstamped 25-cent pieces and cashing them through coin vending machines. Kenneth Leroy Neal, 20, of Limon, Colo., faces a possible maximum sentence of 10 years in prison and a \$10,000 fine if convicted. He was released on \$500 bond.

## Ohio To Have Suite In Hotel For Inauguration

COLUMBUS, Ohio (AP) — An Ohio headquarters suite will be opened in the Mayflower Hotel, Washington, during the presidential inauguration period. Republican state headquarters announced today.

The suite, sponsored by the Republican State Committee, will open Jan. 18 and close Jan. 22.

LANCASTER, Ohio (AP) — Harold D. Bowers, 34, Rt. 1, Logan, was killed shortly before midnight when the car in which he was riding collided with a stake truck on U. S. 33 about two miles south of here, the highway patrol said.

## Driver Dies In Crash

Bowers was a passenger in a car driven by Chester Devore, 32, Rt. 1, Gore (Hocking County), the patrol said. Devore was taken to Lancaster Fairfield Hospital, patrolmen said.

The truck, apparently parked when the accident happened, belongs to Lancaster Casting and Machine Co., the patrol report said.

# Salem's Unbeaten Quakers Play Host To Girard Friday

## Indians Have Won Two Games

Same Lineup To Start For Salem

Salem's undefeated Quakers play host to the Girard Indians Friday night, and the Quakers will be out to make it eight victories in a row.

Action starts in the High School gymnasium at 7:30, when the reserves play, followed by the varsity game.

Girard hasn't been very successful this season, compiling a record of only two victories and nine losses.

The Indians will start Jack Housh, 6-foot, 2-inch, 185-pound junior, at center, Willie Triplett, 6-foot, 1-inch, 190-pound junior, and James Kay, 5-foot, 11-inch, senior get the nod at the forward posts. Willie is a brother of Mel Triplett, star fullback for the world champion professional football team, the New York Giants.

Frank Pavlick, 5-foot, 7-inch, 150-pound senior, and Jack Delane, 5-foot, 7-inch, 140-pound senior will begin at the guard slots.

Other players to see plenty of action are John Gonyula, 5-foot, 10-inch, 155-pound junior, Russell Swegan, 6-foot, 100-pound junior, Bill Forney, 6-foot-1, 180-pound junior, and Willie Dawson, 5-foot, 7-inch, 130-pound sophomore.

The starting five for the local quintet is the same squad that won victory number seven and includes Bill Pauline at center, Mark Fenton and Ted Jackson at forwards, and John Stephenson and Dick Beall at the guards.

Quakers who will probably see plenty of action are John Sturgeon at center, Lou Slaby at center or forward, Bill Schuster, at guard, and Jim Meissner at a guard.

So far this season unofficial statistics show that the Red and Black has taken 453 shots from the field and made 161 of them for a very good 35.5 average. From the free throw line the Cabasmen have meshed 113 of 183 tries for a high 61.7 average.

The Quakers have tallied 441 points in their seven victories for a 63 point average.

Salem's opponents have shot 423 times from the field and hit on 135 of these for a 32.1 average. From the foul line the opposition have made 93 of 146 charity tosses for a high 63.6 average.

In seven contests their opponents have tallied 365 points only a 52.1 average against the Cabasmen's fine defense.

Girard's record includes victories over Youngstown Rayen, 56-49, and Campbell Memorial, 49-38. Their losses were to Newton Falls, 59-49; Youngstown North, 39-38; Boardman, 53-42; Warren, 60-34; Liberty, 53-34; Niles, 64-32; Fitch, 69-52; Struthers 51-50; and Hubbard, 63-43.

The Indians have averaged 42.2 points per game on 465 markers in 11 contests. Their opponents have scored 578 markers for an average of 52.6 per game.

## Trophy To Be Given Top Senior Cager

The Salem Junior Chamber of Commerce again this year will present a trophy to the most valuable senior player on the Salem High School basketball team, Don DeJene, chairman of the Jaycee committee in charge of the presentation, announced today.

Serving with DeJene on the committee are Jim Laughlin, co-chairman, and Tom Roser, Bill Winder and Art Herron, Jr.

A judging committee has been selected to pick the winner of the trophy. Included on this committee are Coach John Cabas, Fred E. Cope, Dr. George Jones, Jim Laughlin and Rev. Harold Deitch.

The trophy will be presented to the top senior player at the basketball banquet following the end of the basketball season.

## Penalty Imposed For Grabbing Face Masks

NEW ORLEANS (AP) — The Football Rules Committee of the National Collegiate Athletic Assn. termed the game "pretty good as it is today," but cracked down on face mask grabbing as a growing danger.

The three-day sessions ended Wednesday with Committee Chairman H. O. (Fritz) Crisler, athletic director at the University of Michigan, calling the get-together "unusually satisfying."

The committee, with final say on football legislation, imposed a 15-yard penalty for protective face mask grabbing and declined to expand the present substitution rule.

E. E. (Ted) Wieman, committee secretary and athletic director at the University of Denver, said the 25-man group felt the practice of grabbing the masks could lead to "dangerous situations."

## GOP, Konnerths, Suburban, Westville Win City Games

Two Girls League games and a pair of Class B contests were staged last night in city basketball league action with the Republicans and the Konnerth Jewels winning in the girls' league and Suburban Market and Thomas Westville being victors in the men's games.

In the initial game of the evening the Republicans jumped off to a 16-8 half time margin over Lisbon, stretched it to 28-12 at the third quarter, and then went to a 36-14 victory.

Carol Keener and Janet Reider scored 10 points each for the winners while the loser's Carol Lewis was their high point getter.

The second game of the night involved the Quaker City Turkeys and the Konnerth Jewels quintet with the Konnerth's coming out on top, 22-20.

The winners took a lead of 8-1 at the quarter but faltered in the third period to lead by only a 16-15 count with but eight minutes left in the game. Konnerth outscored Quaker City in the final period to take a 22-20 win.

Helen Yeager had 14 points for the winners and West scored 13 for the losers.

Suburban Market rocketed into a 26-12 first quarter lead and then coasted the rest of the route to score a 51-44 win over Lisbon Lumber in the first of two Class B games.

The victors were outscored in

## Chamberlain, Forte In Scoring Duel

NEW YORK (AP) — Kansas' 7-foot Wilt Chamberlain and Columbia's 5-9 Chet Forte, the Mut and Jeff of college basketball, are hooked up in a duel for the scoring lead. NCAA Service Bureau statistics released today and including games of Jan. 15 show the Jay-giants still in front, as he has been all season, but Forte is nipping at his heels.

Chamberlain's scoring rate dropped to a new low of 30.6 points a game while Columbia's little set shooting artist boosted his average to 29.3. They've played 13 and 12 games, respectively.

Grady Wallace of South Carolina slipped from second to third during the week with an average of 28.7. Jim Ashmore of Mississippi State, Elgin Baylor of Seattle and Joe Gibbon of Mississippi ended the week in a virtual tie for fourth, each with an average of 27.1.

## Mt. Union Defeats Fenn College 69-48

ALLIANCE — Coach George Hunter's Purple Raiders from Mt. Union won their eighth contest of the season Wednesday night when they disposed of Fenn College, 69-48.

Paced by the scoring of Don "Goose" Talbert and Bruce Pumphrey along with the rebounding of Charlie Kemp, the home team rallied to a 23-12 margin before faltering to leave the floor at intermission with but a 34-28 lead.

At the start of the second half, the Purple Raiders pocketed three quick buckets to start them off to a big lead which at one time was as much as 25 points. With six minutes remaining in the contest, Hunter emptied his bench.

Talbert and Pumphrey both hit for 15 markers with Harry Baird close behind with 13. Jack Gottschling scored one point for Mt. Union. For Fenn, Karl Kurtz had 16.

The Raiders next game is at Youngstown Saturday. The Penguins set a school scoring record Wednesday night when they beat Baldwin Wallace 110-90.

## Sandy Saddler Faces Exam On His Condition

MILWAUKEE (AP) — Spindly legged Sandy Saddler, no longer the boss of the featherweights in the eyes of the National Boxing Assn., may be reinstated if he proves "physically unfit" at an examination next week.

The NBA stripped Saddler of his crown Wednesday for failing to sign for a title defense but said it would "reconsider" if the examination shows "he is unable to fight."

Sandy was injured in an auto accident last July and hasn't fought since. He last defended the 126-pound title Jan. 18, 1956, when he stopped Flash Elorde of the Philippines in the 13th round.

This is the third time, in and out of the ring, that Saddler has lost the championship. He first lost it to Willie Pep on a 15-round decision Feb. 11, 1949, after he had won it from the Hartford, Conn., fancy dan four months earlier.

Then, on Dec. 14, 1954, the NBA dethroned Saddler for failing to defend his crown within a six-month period. The New York State Athletic Commission declined to take similar action.

The New York commission also leans toward Saddler in the latest hassle.

"We're not going to take any man's championship away if he's got a legitimate reason for not fighting," said Chairman Julius Helfand in New York. "His condition will be determined shortly and the New York commission will act accordingly."

## Defiance Suffers First Defeat

Adrian Rips Ohio College, 80-66

Defiance fell apart in the second half Wednesday night and took an 80-66 shellacking from Adrian College at Adrian, Mich. It was the first basketball loss of the season for the Ohio team.

Defiance held a 26-25 lead going into the last half, but Adrian jumped to a 13-point lead in the next four minutes and then continued to pour it on to gain the lopsided victory.

Adrian now has a 5-2 record; Defiance, 9-1.

Youngstown piled up 110 points, a new single game high, to defeat Baldwin - Wallace, 110 - 90, at Youngstown. The previous scoring record was the 104 points, registered by Youngstown against Fenn College of Cleveland in the 1953-54 season.

Herb Lake was good for 35 points and Mickey Yugovich for 26 in leading Youngstown to its ninth victory in 11 games. Baldwin-Wallace has two losses against seven wins.

In Marietta, Denison's Big Red triumphed over the Marietta Pioneers, 84-74, but both teams protested the game when one of the referees failed to appear.

Denison, with a 6-1 record, is in first place in the Ohio Conference. The Big Red has an 8-3 record. Marietta has a 1-2 conference and 3-6 overall record.

At Bowling Green, the host Falcons, behind Rex Leach's 29 points, whipped Western Michigan, 94-82, in a Mid-American Conference game.

Ed Blair led the Michigan Broncos with 27 points.

Capital, behind freshman Don Barr's 19 points, wrapped up an easy 90-77 win over the visiting Kenyon Lords. Barr hit for 19 points. High scoring honors went to Kenyon's Dan Bumstead with 25 points.

At Alliance, Mount Union College jumped to an early lead and stayed ahead to defeat Fenn College, 69-48. The victory was the eighth in 12 games for Mount Union. Fenn now has a 2-9 record.

Despite a late second half rally by Ohio Wesleyan, Muskingum came up with an 88-76 victory at Wesleyan's home court in Delaware.

It was the Muskies' fifth conference win in six games. Ohio Wesleyan now has a 3-4 conference record.

## Government Sues Football As A Monopoly

WASHINGTON (AP) — The government contended today that professional football is a business and ought to be subject to federal antitrust laws.

Solicitor General J. Lee Rankin took this position in a brief filed with the Supreme Court, which scheduled oral arguments this afternoon in a suit charging the National Football League seeks to monopolize pro football.

The suit was filed by William Radovich, former lineman for the University of Southern California and the Detroit Lions. Radovich claims \$105,000 in damages from the NFL, its commissioner Bert Bell, the nine remaining clubs that were in the league in 1948, and others.

Radovich says he was boycotted because he jumped from the Lions to the Los Angeles Dons of the defunct All America Conference. He also says the NFL prevents

players from becoming free agents by use of a contract reserve clause and a blacklist. The reserve clause binds a player to a club.

"The business of professional football enjoys no general exemption from the Sherman (antitrust) Act," Rankin's brief said.

The Supreme Court has held that baseball is not a business subject to federal antitrust laws. NFL attorneys replied in their brief that "the pattern of the organization and operation of professional football is identical with that of organized baseball."

# Salem Quakers To Play Leetonia, Conneaut In Football This Year

Salem high school football fans will get a chance to see two new gridiron opponents during the 1957 season as the Quakers have added Conneaut High and the Leetonia Bears to their schedule, replacing Newton Falls and New Philadelphia.

The Quakers will play a total of nine games next season with the first five games being played at home.

When Coach Pat Mancuso brings his Bears to Salem next Nov. 8 in the Quaker's 1957 football finale, it will mark the first time Leetonia has played Salem since 1947. Ten years ago Salem defeated the Bears, 33-0.

Although Salem leads in the all-time series with 17 wins, four defeats and one tie, the rivalry between the two schools during the last six years they met thickened considerably.

From 1942 through 1947 the two schools each won three of the six contests staged. The last time Leetonia beat Salem was in 1945 by a 27-0 score.

Leetonia laid claim to the state Class A crown last year as the Bears finished the season with a 7-1-1 slate. In his first year at Salem in 1956, coach Earle Bruce's Quakers finished their record with a 4-5 showing.

A brief look at the Quaker's '57 schedule shows that the local eleven will again play seven opponents that they met in 1956. They are: Youngstown Chaney, Ravenna, Canton Timken, East Palestine, Wellsville, Boardman and East Liverpool.

At the same time, two of the schools they'll meet in 1957 went through their 1956 schedules unbeaten. They were East Palestine and Conneaut. The Quakers have met Conneaut only twice with Salem winning both times, 21-14 in 1954 and 12-6 in 1953.

Coach Earle Bruce's eleven will open their schedule Sept. 13 at home against Youngstown Chaney, a team they beat 20-19 in the final contest of the season in '56. Following Chaney, comes four more games at home. Beginning Oct. 18 at Wellsville, Salem will be on the road three straight weekends before winding up at home on Nov. 8 with a rekindled rival, Leetonia.

The 1957 schedule is as follows: Sept. 13, Ygstrn. Chaney, home; Sept. 20, Ravenna, home; Sept. 27, Canton Timken, home; Oct. 4, Conneaut, home; Oct. 11, East Palestine, home; Oct. 18, Wellsville, away; Oct. 24, Boardman, away; Nov. 1, East Liverpool, away; Nov. 8, Leetonia, home.

## 20-Second Rule To Be Enforced

CHICAGO (AP) — Cal Hubbard, head of the American League umpires, says the new 20 second rule for pitchers will be enforced strictly during spring training.

Hubbard said the pitcher must deliver the ball within 20 seconds after receiving it. Under the old rule the pitcher had 20 seconds to pitch after toeing the rubber.

Hubbard said after the second day of an umpires' meeting on new rules: "All the delay has come after the pitcher took his position. They take off their cap, fix their hair, hitch their britches, and talk to the infielders."

The umpire may call a balk if the pitcher takes more than 20 seconds to deliver.

Hubbard consulted with James Gallagher, former business manager of the Chicago Cubs and chairman of the rules committee, about the new rule charging a strike against the batter if he is hit by a pitched ball in the strike zone.

"It will be a dead ball," Hubbard said. "This is consistent with the rule calling ball dead on a hit batsman. If a runner breaks for another base, he will have to return."

**FIGHT POSTPONED** — Lightweight champion Carmen Basilio holds his injured hand after the Cleveland Boxing Commission granted him postponement of his Jan. 18 title defense against Johnny Saxton. Basilio asked for the postponement because of the hand injury received in training six weeks ago. Matchmaker Larry Adkins said he would try to re-schedule the bout for Feb. 22.

## Louisville Rips East Kentucky, Seattle Beats Portland State

By BEN OLAN  
The Associated Press  
Kentucky, the state renowned for swift race horses, has come up with two crack college basketball teams in the Kentucky Wildcats and Louisville's Cardinals. The Cards are showing signs of becoming the top team in the territory.

Racing to a 45-23 lead in the first 14 minutes, Louisville easily registered its sixth straight victory Wednesday night, clobbering Eastern Kentucky 104-67. The triumph was the 10th against two setbacks for the Cardinals, ranked fifth nationally.

Kentucky (11-3) is fifth in the latest Associated Press poll.

Only two other clubs among the first 20 saw action Wednesday night. Seattle (No. 7) defeated Portland State 76-64 and Oklahoma A&M (No. 19) beat Oklahoma 57-43.

In other games, Maryland whipped Georgetown 82-69, Clemson nipped Furman 80-77 in overtime, Syracuse trounced Penn State 75-45 and Villanova dumped Penn 63-47.

Louisville had an easy time. Bill Darragh led the scoring with 28 points.

The Oklahoma Aggies-Sooner game was a rough one. Joe King of Oklahoma and Joe Crutchfield of A&M were ejected for scuffling under the basket. After a relatively slow start, A&M forged to a 48-30 lead in the second half.

## 'Barbershop Biology' Rapped By Fish And Game Specialists

By DION HENDERSON  
Associated Press Staff Writer  
"If I get a belly ache," Jim Kimball says, "please don't ask my friends to vote on whether my appendix should be removed. Put my fate in the hands of the specialists."

That observation, making up in point whatever it lacks in elegance, is part of what the director of Minnesota's Division of Game and Wildlife Research.

Treatment of physical ills by and Fish has to say in support qualified physicians presents a situation, Kimball says, that is no different than treatment by wildlife specialists of "a herd of deer, a pheasant population or fish in a lake — they should be managed by scientists who have devoted their lives to that specialty."

Barbershop biology, in which a hunter or fisherman becomes an expert by buying a license and making at least one trip beyond his backyard, is not confined to Minnesota. Nor to Nebraska or the Dakotas or Michigan or Georgia.

The reason behind what seems to be almost pathological opposition to old hunting and fishing practices in the light of new ecological research is inexplicable, least of all by embittered game managers. Ernest Swift, executive director of the National Wildlife Federation and former assistant chief of the federal service, says, "maybe it's a lingering decrepit expression of the old frontier spirit — every man his own expert."

The science of wildlife management is, of course, hardly two decades old. And in that time it has upended a hundred cherished

misconceptions about the world of nature and what makes it operate the way it does.

For instance, a single research program that showed pheasant populations on marginal range in Wisconsin resulted in heavy winter kills, enabled that state to double its pheasant hunting season and

thus boost the hunters' bag by 50,000 birds in a single year. The value of those birds, which otherwise would have been wasted, was greater than the entire amount spent in Wisconsin on pheasant research from 1940 to the present day.

There are scores of examples. The pheasant itself, wild turkeys, cottontail quail, chukar partridge, barberry sheep, Hungarian partridge, rainbow trout, muskellunge and many other game and fish species now offer important recreation in areas where they were never known before the time of the game manager.

But some of the most spectacular examples are in reverse, like these:

Thousands of deer starved to death in snow-bound forest prisons every winter, tons and tons of prime meat wasted, because non-professional wildlife policy makers or state legislators refuse to permit the harvest of deer as a crop in face of universal demands of their wildlife experts.

And so on, through large-scale game bird stocking programs, warm water fish hatcheries and similar sops to the barbershop biologists.

(Next: There can be hunting and fishing forever, but time for decision nears.)

Captain Charles Dwight Sigsbee was in command of the battleship Maine when it was blown up in Havana harbor.

## The Very First and Freshest Cottons of The New Year

CRISP, FASHIONABLE COTTONS, SPARKLING WITH NEWNESS ... SO PRACTICAL, SO LOVELY, TOO! MISSES AND HALF SIZES.

What wonderful fashion news! The year's first cottons, crisp and exciting are designed to be smart in any setting and be real gems in your day-by-day wardrobe. If you're vacation bound, you'll find that these wonderfully washable cottons travel and pack well.

Why worry about your budget? With our Lay-Away Plan, a small deposit will hold the dress of your choice.

### A. Sweater & Sundress

Rosebuds bloom in profusion on Coleport's printed cotton that needs little or no ironing. Its matching orlon hi-bulk button and jewel trimmed sweater tops a pin-tucked Empire bodice. Blue or pink rosebuds on white, yellow on yellow, or lavender on lavender with matching sweaters.

Sizes: 8 to 18.

**17.<sup>98</sup>**

### B. Linen Sheath

A dash of white ... fashion at its most dramatic! A white crease-resistant linen sheath with only a sash of satin and a flower to interrupt its classically beautiful lines. With scooped neckline, minimum of sleeves. White with blue or pink, all blue or mauve pink.

Sizes: 8 to 18.

**14.<sup>98</sup>**

### C. Chiffon and Linen

Fashion endows this dress with subtle allure. The skirt, a drift of airy rayon chiffon, is combined with a whisp of a pure linen bodice ... its casual elegance set off with a matching sleeveless lined cardigan. In rouge red, blue, or pink.

Sizes: 8 to 18

**22.<sup>98</sup>**

### D. American Golfer

Each season seersucker gains new friends because of its carefree beauty. Here is a tattersall plaid design on a white background. American Golfer smartly used a touch of bias down the front, and on the pockets as a highlight.

Sizes: 10 to 20.

**12.<sup>98</sup>**

### E. Sailing Blues

No matter what your size or where you are going—your wardrobe is never complete without this nautical button fronter, in Sailing Blue denim, set off with a large embroidered emblem and a double row of white tape. Also with sleeves.

Sizes: 10 to 20; 12½ to 24½.

**10.<sup>98</sup>**

### F. Two Piece Look

The two-piece look in American Golfer button fronter, that promises to be a 1957 favorite. The top is of striped cordspun ... black, blue or brown with white and the zored skirt in matching chambray.

Sizes: 10 to 20; 12½ to 22½

**10.<sup>98</sup>**

## Fine Foundation for your Cottons

### Peter Pan "Little X" Girdle

Two criss-crossing one-way stretch panels control your waist, tummy, hips firmly, but oh-so-gently! The design eliminates wrinkling, rolling or riding up. This great little girdle gives you complete figure control with never-before freedom of action! Perfect for sheaths, slim skirts or slacks. In girdle and panty girdle. White only.

Sizes: Small, Medium or Large.

**5.<sup>98</sup>**

Hi-X ..... \$7.95

### Permalift Stitched Cup Bras

You'll love this bra, for circular stitching gives you such wonderful accentuation. This bra has a miraculous uplift feature ... Magic inset, cleverly designed at the base of the cups, that gently but firmly support you.

Sizes: 32-A to 36 — Sizes 32-B to 38

# News of the World in Pictures

**A GREAT NEW DAY**—Women carry a cross with an American flag into the courtyard of the imperial palace where Japan's Emperor Hirohito and his Empress Nagako made their New Year appearances before cheering subjects. Close to 100,000 persons were there.

**THAT'S A DEEP PROBLEM**—A German diver is about to be lowered to the bottom of the Suez canal from a small boat to inspect the wreckage of the Ferdan bridge, which once carried rail traffic across the strategic waterway. This wrecked span now blocks the entire channel of the canal. In background is a salvage vessel.

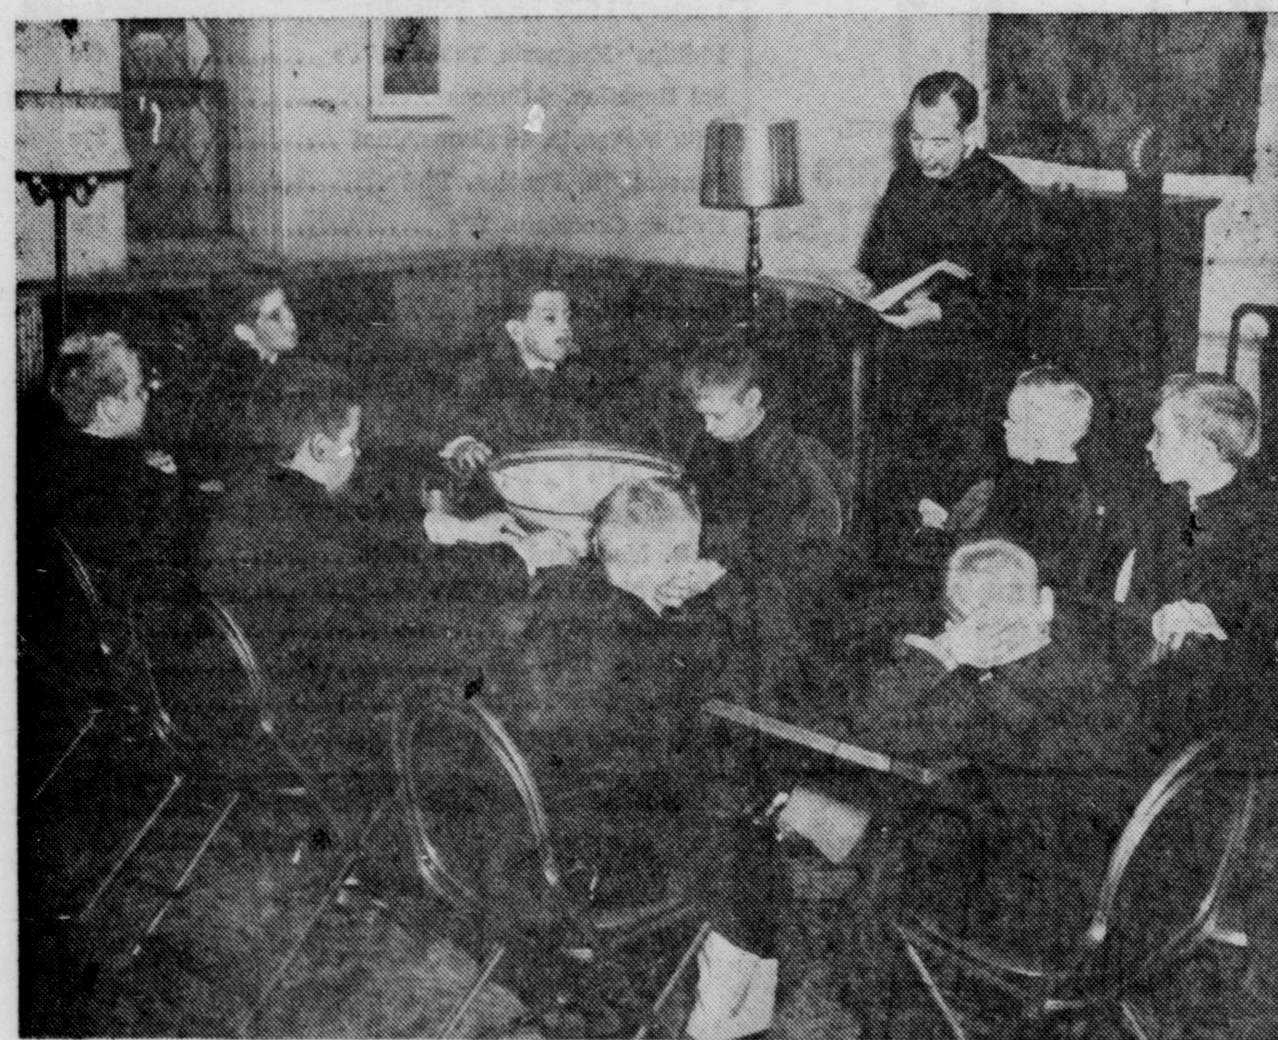

**THAT IS NO BOY!**—It's plain to see that Italian film beauty Sophia Loren doesn't play the title role in her movie called "Boy on a Dolphin." She's a sponge diver in picture made in Athens, Greece.

## LIFE OF MUSIC AND DEVOTION

**SUNDAY SCHOOL TEACHER**, jazz musician, choir leader, orchestra arranger and composer of church songs—that's part of the schedule of Walter Iooss of East Orange, N. J., a man who deftly blends the religious and the musical aspects of his busy life. Iooss teaches Sunday school to a group of 15 inquisitive youngsters and handles the music and choir assignments at Christ Episcopal church.

A bass player, he has played with top bands for more than 20 years—Benny Goodman, Artie Shaw and others. For the past 11 years, Iooss has played with and arranged songs for the Roy Ross orchestra at New York's radio station WNEW. His biggest thrill was the acceptance by the church of his anthem, "The Children's Prayer." He is working on an anthem for a high school graduation.

Walter Iooss reads the scriptures to his class of 15 boys in church Sunday school.

He and bandleader Roy Ross go over an arrangement.

Four years ago, Iooss took over as director of the choir. This is practice session.

Here he's playing his bass fiddle during broadcast.

**A RED MIDGET**—One of the first of the new 1957 Soviet Moskvich midget automobiles made in Moscow auto plant comes off the mass production assembly line.

**WHITE HOUSE IN THE SNOW**—One of the first measurable snowfalls of the season—it was two inches deep—blanketed Washington and presented this scene.

## When Planning for a Crowd

CINCINNATI, Ohio — Routine cooking for a small family is one thing, but the difficulties grow when a woman is a member of a committee of a church group or PTA planning a meal for 50 or more.

Expert advice is needed. Mrs. Lucile McMullen is just the person to give this advice.

She is director of Food Services at the University of Cincinnati. Meals for large numbers of hungry people are her job.

Her best bit of counsel is: "When you are planning a menu for a crowd, think first of what will be popular with the greatest number — not what you happen to like yourself."

Then she simplifies it by: "Most people like the familiar foods. You can serve these foods garnished a bit differently or make some other minor change that will make them seem new while still completely acceptable to most tastes."

The high quality, attractively

served food at the UC Student Union reflects Mrs. McMullen's training as a dietitian and institutional food manager.

Harassed committee members of group dinners know that there is more to menu planning than meets the eye. Costs for instance, Mrs. McMullen has the answers to many of their questions.

What foods are most popular? "Beef in almost any form," is her answer to that one.

"Good vegetable choices from the standpoints of popularity and ease in preparation could be green beans (there are some good canned ones), canned or frozen peas, frozen mixed vegetables, or carrots which are available the year around and can be prepared in interesting ways," she goes on. "Avoid canned tomatoes, greens, cabbage (except as slaw), onions and beets — these aren't popular."

"The most popular salads are tossed greens, cabbage slaw, and cottage cheese with fruit. The fruit

can be mixed with the cottage cheese for ease in serving."

How about breads? "Crusty rolls are the easiest and are quite popular. If you want a hot bread, brown-and-serve rolls are probably the best choice if there is oven space to bake them as you need them," is her opinion.

Desserts for a group dinner? "Pie is probably the most popular," she says. "But use the two-crust, fruit type, not meringue-topped cream pies."

"Cobblers or fruit betties which can be made in large baking pans are easy to make and serve."

"Take advantage of what's in the market. There's nothing nicer than a good baked apple when you can buy them reasonably. Short-cakes made of individual sponge cakes you can buy at stores, topped with fruit and a dab of whipped cream make an easy and safe dessert. Avoid cream puffs, eclairs and Boston cream cakes — these all require refrigeration."

Mrs. McMullen provided a "perfect menu" for 50 young people in a church or school group which they can fix themselves for an evening party. This is her menu:

Barbecued ground beef on buns, cabbage and pickle relish, potato chips, celery, carrot sticks, hot chocolate, spiced apple sauce a la mode.

The barbecued beef recipe is given below. If you can get buns in rye or whole wheat they can be a pleasant change from white.

"You can make an excellent relish to serve with the barbecue by combining one part ground or finely chopped cabbage with two parts pickle relish. It can be portioned out ahead of time into paper serving cups."

Mrs. McMullen suggests that the young people get a package or two of instant hot chocolate mix — get one which has the dry milk in it.

Then all they need to do is heat water to boiling and follow the directions on the package. Pop a marshmallow into each cup.

Spiced applesauce a la mode is easy and very good. Use canned

applesauce — it need not be chilled. Stir in cinnamon to taste. This can be dipped out into serving dishes ahead of time. At serving time top it with a slice of ice cream, which you can buy ready sliced. Mrs. McMullen suggests.

**Barbecued Hamburgers**  
(50 Half-Cup Servings)

**SAUCE:**  
One and one-half cups chopped onion, 1½ cups chopped celery, ½ cup shortening or oil, ½ cup brown sugar, 2 tablespoons prepared mustard, ½ cup vinegar, 2 quarts tomato sauce or puree.

**MEAT:**  
Eight pounds ground lean beef, 2 tablespoons salt.

To prepare the sauce, cook the chopped onion and celery in the shortening, in a heavy skillet or kettle large enough to hold all the sauce, on medium heat, stirring frequently, until vegetables are beginning to be rather transparent. Add all remaining sauce ingredients. This sauce can even be made up a day ahead if you like.

Near serving time, cook the ground beef in large, heavy skillets on medium heat on surface burners, stirring frequently until red color is out. Or you can do the beef in the oven in a large baking pan — use a rather hot oven, about 400 degrees F., about 15 minutes. AFTER red color is out, add the salt. Combine the meat and the sauce and simmer gently for flavors to blend for 15 to 20 minutes. This, too, may be done in the oven if you wish — use a slow, moderate oven, about 325 degrees F.

Serve one-half cup of the mixture on each bun. If you have the facilities for toasting the buns this is an added refinement and prevents the barbecue from soaking in quite so much.

Want a fish sauce with zip to it? Add capers or pimientos to white sauce and serve over fish — looks pretty, too.

If you're opening a can of pears for dessert, sprinkle a dash of ginger over each serving — for a different twist.

Cold leftover snap beans — spiked with a few pieces of crumbled crisply cooked bacon and some pickle relish — make a tasty salad; serve with French dressing.

Pastel flower - printed sheets and pillowcases are an inexpensive way to brighten up a bedroom. They come with matching blankets too.

## Chinese Shrimp Is Sweet and Sour

The Chinese of New Orleans like shrimp just as well as everyone else in that town. For example the ladies of the Chinese Presbyterian Mission turn out some fine examples of shrimp cookery at their monthly suppers served in the ultra-modern Mission House on Bienville Street.

This recipe for sweet and sour shrimp comes from Mrs. Helen Fong Howe, of the Chinese Mission. She generously made it for us in her own home kitchen and served some of it to her son before he left for kindergarten.

Chopsticks flew. She likes to use them as cooking utensils and stirred everything with them, even the sizzling shrimp in the deep fryer. This sweet and sour affair is an unusually attractive dish — amber sauce full of reds, greens and yellows, over golden-brown deep-fried shrimp.

**Sweet and Sour Shrimp**

Two pounds fully peeled, deveined, raw-frozen shrimp — medium size; 2 cups flour, 1 teaspoon salt, 2 eggs, ½ cup water.

Defrost the shrimp. Slice each through the back and spread out "butterfly" fashion. Dip in batter and fry in deep hot fat (400 degrees F.) to a golden brown. Place in a serving dish and cover with sweet and sour sauce.

**Sweet and Sour Sauce**

One and one-half cups vinegar, 2 cups sugar, 1 teaspoon soy sauce, 2-3 cup canned pineapple wedges, 2 medium red-ripe tomatoes, cubed; 3 small sweet pickles, sliced (or use 1 tablespoon sweet pickle relish); 2 tablespoons cornstarch, 2 tablespoons water.

Heat vinegar; add sugar, soy sauce, pineapple wedges. Simmer 1 minute. Add tomatoes, pickle slices or relish and return to a boil. Dissolve cornstarch in water and gradually add to vinegar mixture.

Cook ½ minute or just until sauce becomes glossy and smooth. Pour sauce over fried shrimp and serve immediately with fluffy rice.

Grilling a frankfurter for a quick lunch? Melt a slice of Cheddar cheese over the top of it for a flavor change.

For hurry-up canapés: Raw mushrooms, cauliflower sections, and cucumber slices may be served with a tangy dip.

## Home Dressed Meats Always

Regardless of times we sell you the best of meats at the lowest prices! Not one low cut price and then take you on the rest of the meat line. We are going to list our full line of meat so you can compare. You will find a cheaper price here and there but most people buy a variety of meat to last a week. Just because some one advertises round steak at a low price, it would be tiresome to eat round steak all week.

## Angel Pie from Winesaps

Ever eat "pie crust" made of beaten egg whites, mixed with sugar, salt and chopped nuts? Here's your chance — an exclusive apple pie recipe from the Pacific Northwest where all-purpose winesaps will be in excellent supply for two months at least.

**Nut Crust** — One egg white, 1/4 cup sugar, 1/2 teaspoon salt, 1 1/2 cups nutmeats, finely chopped.

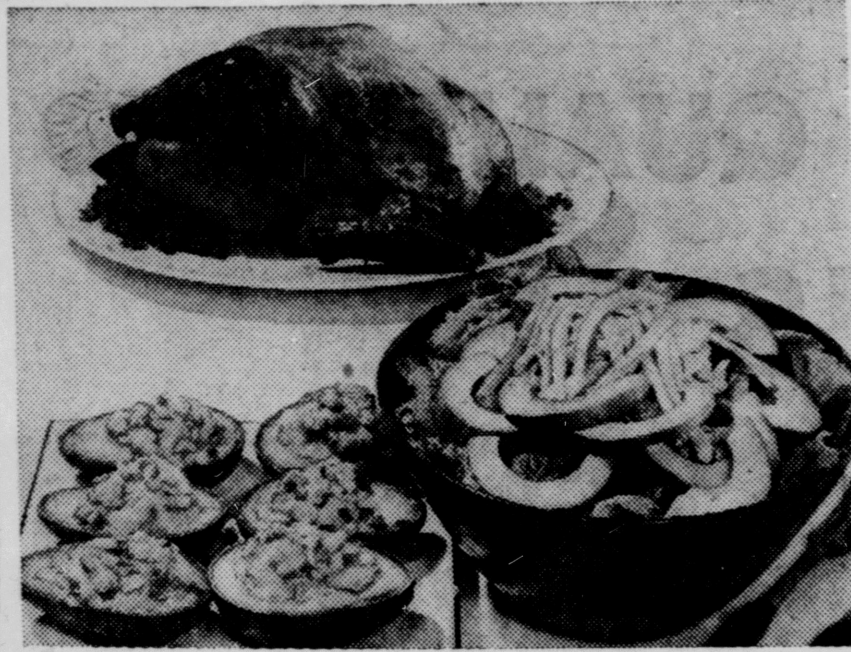

Beat egg white until stiff but not dry. Add sugar and salt gradually and beat until stiff and satiny. Add nut meats and blend well. Press onto bottom and sides of a well-greased 9-inch pie plate with a fork. Prick bottom and sides of crust. Bake in moderately hot oven (400 degrees F.) for 12 minutes.

**APPLE Filling** — Four to 6 medium size winesap apples, 3 cups water, cup sugar, 1/4 teaspoon

instant coffee, 1/2 teaspoon cinnamon, 3 tablespoons cornstarch, 3 tablespoons butter or margarine, 1/2 cup whipping cream, whipped.

Pare and core apples, and cut into uniform slices. Bring 2 1/2 cups water to a boil. Add sugar, instant coffee and cinnamon which have been previously combined, to make a syrup. Simmer apple slices in syrup slowly until tender, 3 to 5 minutes. Carefully remove from syrup and allow to cool, reserving liquid. Combine cornstarch with remaining 1/2 cup cold water; add to syrup with the butter or margarine and simmer 1 to 2 minutes longer. Cool slightly. Arrange apple slices in nut crust and carefully pour syrup over them. Chill. Serve with poofs of whipped cream which have been lightly sprinkled with instant coffee.

## Avocados Better Leftover Bird

Leftover turkey threatens to become a national problem. But Mrs. Philip C. Morse, Jr., of Lakeland, Fla., offers two good solutions.

She uses the avocados grown in her state now in larger numbers with leftover turkey. These are her recipes:

**Avocados, Turkey**  
Three avocados, 3 tablespoons butter or margarine, cup finely diced green pepper, 1/2 cup finely diced celery, 4 tablespoons flour, 1/2 teaspoon salt, 1/2 teaspoon dry mustard, 1 1/2 cups milk, 1/4 teaspoon Tabasco, 2 cups leftover diced turkey, 1 tablespoon sherry (optional), cup finely diced pimiento, 1 cup soft bread crumbs, buttered.

Cut avocados in half lengthwise; remove pits. Brush cut surface with lime juice to prevent discoloration. Melt butter; add green pepper and celery and cook until tender. Add flour, salt and mustard; blend. Combine milk and Tabasco;

gradually add to flour mixture and cook, stirring constantly, until mixture thickens and comes to a boil. Remove from heat; stir in turkey, sherry and pimiento. Spoon hot mixture into avocado cavities; top with bread crumbs. Place in broiler under moderate heat. Broil 2 to 4 minutes, or until crumbs are lightly browned.

**Florida Chef's Salad**  
Salad greens (romaine, lettuce, chicory, etc.), 1 avocado, Julienne turkey strips, French dressing. Wash and dry greens. Tear the leaves into bite-size pieces into a large salad bowl. The avocado when ripe, yields readily to gentle pressure from palms of hands. If it is firm, you can ripen by keeping the avocado in a warm room, then keep in refrigerator until used. To serve, cut in half lengthwise; remove pit. Peel skin from halves and slice lengthwise on top of greens. Top with Julienne strips of turkey. Add French dressing just before serving and toss lightly.

## Filbert Nuts Better Food Dishes

Oregon friends insist the filbert nuts grown in that state make many foods taste better. Let's investigate their claims. (Don't worry — we have tested these recipes and found them delicious).

**Filbert Nut Loaf**  
Three - quarters cup chopped toasted filberts, 2 cups sifted cake flour, 1 1/4 cups sugar, 2 1/4 teaspoons baking powder, teaspoon salt, 1/2 cup shortening, 3/4 cup milk, 1 teaspoon vanilla, 1/2 teaspoon orange extract, 2 eggs.

Sift flour, sugar, baking powder and salt into mixing bowl. Drop in shortening. Add 2-3 of milk, flavoring extracts and beat 200 strokes by hand or on a mixer at low speed. Scrape bowl and spoon or beater. Add remaining milk and eggs and beat 200 strokes (2 min-

utes by hand or on mixer at low speed). Stir in nuts. Bake in a 9x5x3-inch greased loaf pan in a moderate oven (350 degrees F.) for 50 minutes.

**Filbert Baked Tuna**  
One-half cup filberts, coarsely chopped, 2 tablespoons sliced filberts, 2 pimientos, 1 7-ounce can cream mushroom soup, 1/4 cup of milk, 1 7-ounce can chunk style tuna, drained, 2 cups cooked rice, 1/4 teaspoon Worcestershire sauce, few grains pepper.

Dice one pimiento and mix with soup, milk, chopped filberts, flaked tuna, rice and seasonings. Pour into 1-quart casserole and garnish with strips of pimiento and sliced filberts. Bake at 350 degrees F. (moderate oven) for 30 minutes.

Here's a leftover tip for skewers: alternate cubes of leftover lamb with pineapple chunks and 1-inch pieces of bacon, brush lamb and fruit with melted butter or margarine, and slide under broiler.

## A Few Tips On How To Charcoal Broil

Around New York, the story goes that in World War II, a Ranger, taken prisoner, kept himself alive on a 600-mile forced march just by dreaming of mountains of broiled steak. His name is Gil Blum, and he kept his vow to eat all the steak he wanted if he ever got home (185 pounds when he enlisted — 85 pounds when liberated). So he owns a steak restaurant now, called Johnny Johnston's Charcoal Room on Second Avenue and the customers can broil their own steaks if they want to at a huge charcoal grill in the center of the place. Gil loves to watch people eat steak. His chef gave us a few hints on broiling steak—

1. Rare — the steak that is broiled until it's hot throughout and the juice still red. The outside may be very charred or just lightly

browned, depending on individual taste.  
2. Medium — the medium steak is broiled a little longer than it takes to heat the meat through. The juice is darker red and the inside of the meat is pink.  
3. Well done — the steak is well done when the juice is brown though the meat may be still pink on the inside.  
He tests steaks for doneness right on the coals by pressing them with a fork. The more solid the meat feels the more well done it is. A rare steak will be soft to the touch of the fork and a well done one will resist the pressure.  
At the Charcoal Room, steaks are not seasoned before broiling because each diner has different preferences. Some people prefer no seasoning. And, of course, the charcoal flavor is its own best seasoning, whether indoors or out.  
He also advises turning the meat as little as possible, for then it retains the natural flavors and tenderness — one turning is best.

## Try Veal, Eggplant Stew

A savory hot stew is the perfect answer to cold wintry day and this eggplant, veal, pea, and condensed tomato soup is a dish to dream of. Hungry? Let's go.  
One pound veal cubes (shoulder, rump, heel or neck of veal, 1 cup chopped onion, 1 cup chopped green pepper, 2 tablespoons shortening, 1 can (1 1/4 cups) condensed tomato soup, 1 soup can water, 1 teaspoon vinegar, 1/2 teaspoon salt, 1/2 teaspoon oregano, 1/2 teaspoon black pepper, 2 cups cubed peeled eggplant (1/2 medium eggplant), 1 package (10-ounce size) frozen peas.  
In a large pan brown veal, onion and green pepper in shortening. Stir in soup, water, vinegar and seasonings; cover and cook for 1 1/2 hours. Add eggplant; cover and cook for 20 minutes. Add peas; cover and cook about 20 minutes longer, or until vegetables are tender. Thicken with flour, if desired.  
Beefed-Up Stew  
One pound beef cubes (chuck, neck, shank or round of beef), 2 tablespoons shortening, 1 can (1 1/4 cups) condensed consomme, 1 cup water, 1/2 teaspoon salt, 1/2 teaspoon black pepper, 1/2 teaspoon basil, 3 medium carrots, cut in quarters, pound small white onions, peeled, 2 cups shredded cabbage.  
Brown beef in shortening. Add consomme, water and seasonings. Cover; cook over low heat for 1 1/2 hours. Add carrots and onions; cover and cook until partially tender (about 20 minutes). Add cabbage; cover and cook until all vegetables are tender (about 15 minutes). Thicken with flour, if desired.

## New Garden Church Class Entertained

NEW GARDEN — The Good Fellowship Class of the Methodist Church was entertained Friday evening at the home of Mr. and Mrs. Donald Smith with Mr. and Mrs. Wilfred Gamble and Mr. and Mrs. David Beall as assisting hosts. Alfred Gamble, president, was in charge of the business meeting, and the minutes of the last meeting were read by the secretary, Mrs. Marilyn Humphrey.  
Games were a social pastime with Mrs. Helen Ernst winning a prize.  
Next month entertaining committee are Mr. and Mrs. Homer Messer, Mr. and Mrs. Homer Stryfeler and Mr. and Mrs. Karl Liber. Mr. and Mrs. John Strahm and Thelma Strahm, Mr. and Mrs. William Humphrey, Mr. and Mrs. John Kibler, Mr. and Mrs. Harry

Wickersham and Mr. and Mrs. Garland Davis were guests Saturday evening of Mr. and Mrs. Howard Loudon of Salem. Other guests present were Mr. and Mrs. Donald Loudon and Mr. and Mrs. Jerald Loudon of Salem. The evening pastime was enjoyed by playing euchre.  
Mr. and Mrs. Homer Messer and sons called Saturday evening on his mother, Mrs. Jennie Messer of Alliance.  
Karl Stoudt and Chester Conser attended a Masonic meeting at Columbus Saturday evening.  
Mrs. Wilbert Amos visited with her parents, Mr. and Mrs. Shive of Lisbon last week.  
The Hanover Twp. Ruritan Club will hold their monthly meeting at the New Garden Methodist Church Jan. 21.  
Homer Messer and son Larry Messer were in Michigan on business Sunday and Monday.  
The important British port of Hong Kong on the southeast coast of China is ten square miles in area and has both an east and west entrance.

## Chicken, Tarragon Sauce Is Superb

A friend just brought us a delicious gift from Paris. He dined in a unique restaurant off the beaten track called the Grand Vefour. Well, our friend found their chicken with tarragon sauce superb. He coaxed the recipe from the chef and has presented it to us for our reader friends.

### Baked Chicken

One large frying chicken, salt and pepper, 1/2 pound butter, 1/2 loaf white bread.

As for frying, cut the chicken in several pieces. Salt and pepper with moderation. Butter each piece; cover with bread crumbs. Butter the baking dish well. Place the pieces of chicken in the dish and spread the remaining crumbs and butter on top of the chicken. This should be baked in a moderately heated oven for 40 minutes to one hour, or until the chicken is done. It is served in the baking dish with tarragon sauce.

Two tablespoons mustard, 1/2 teaspoon salt, a pinch of fresh ground pepper, 1 cup olive oil, 4 tablespoons tarragon vinegar, 1/2 cup chopped tarragon and parsley. The salt, pepper and mustard go into a mixing bowl; add the oil and mix in vinegar and herbs. This should be stirred with a wooden spoon.

For an appetizer before that chicken, you might serve these cheese balls:  
Grate sharp cheese, add mayonnaise enough to hold cheese together, and a few dashes of aromatic bitters. Roll cheese into small balls, roll balls in crushed canned peanuts.

## Bliss Won't Seek GOP Chairmanship

WASHINGTON — Ray Bliss, Ohio State GOP chairman, said today he is not a candidate for Republican national chairman to succeed Leonard W. Hall.

Bliss' statement removing himself from active consideration appeared likely to nip a threatened party revolt against the reported White House choice of H. Meade Alcorn Jr. of Connecticut for the party post.

Opposition to Alcorn has developed among some Republicans who profess to fear that President Eisenhower's program to "modernize" the party might lead him to ignore or even repudiate some GOP Senate or House candidates in the 1958 congressional election.

Alcorn is regarded as a thorough-going Eisenhower supporter who would follow the President's inclinations if such a situation arose.  
Those who talked of opposing Alcorn's selection indicated they regarded Bliss as about the only candidate with a chance of winning in any fight that might develop. Bliss is chairman of the Midwest and Rocky Mountain State Chairmen's Assn.  
Bliss said in a telephone interview that while he had been urged by many national committee members to make the race, he was not a candidate. He said he wants to devote more time to his personal affairs after six years of practically full time work as Ohio state chairman.

## New Senator Will Vote Democratic

WASHINGTON — William A. Blakley, newly appointed senator from Texas, arrived here Tuesday night and declared he will vote with the Democrats in any move to reorganize the Senate.  
Thus the 5-year-old Eisenhower Democrat put to rest any hopes the Republicans might have entertained for seizing control of the Senate at this time.  
Blakley was appointed Tuesday by the outgoing Texas governor, Allan Shivers, to succeed former Sen. Price Daniel, a Democrat, who resigned. Daniel succeeded Shivers Tuesday as Texas governor.

Questions and Answers

Q — Why do we refer to a man's vulnerable spot as the "Achilles' Heel?"

A — Legend has it that Achilles' mother made him strong by dipping him in the River Styx. His one weak spot was his heel, where his mother held him. Achilles died of a wound received in the heel.

Q — Why are legumes useful in crop rotation?

A — It is because they have nitrogen-fixing qualities.

#### Jailed For Drunk Driving

Edward W. Meek of 212 E. Lincoln Way, Lisbon, was fined \$100 and costs and sentenced to three days in jail Friday for driving while intoxicated.

Meek was arrested by Hanoverton officer Roy Painter and tried by Mayor Howard Hart of Hanoverton.

Masai tribesmen of Kenya and Tanganyika have no written language, never adopted the wheel, use donkeys for transport, and do not build boats (there is no necessity for the latter since they are far removed from navigable waters).
